

€3,000,000,000

Euro Medium Term Note Programme

Under the Euro Medium Term Note Programme (the "**Programme**") described in this base prospectus (the "**Base Prospectus**"), Carrefour Banque ("**Carrefour Banque**" or the "**Issuer**"), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the "**Notes**"). The aggregate nominal amount of Notes outstanding will not at any time exceed €3,000,000,000 (or the equivalent in other currencies).

This Base Prospectus (together with any supplements thereto, each a "**Supplement**") constitutes a base prospectus for the purposes of Article 8 of Regulation (EU) 2017/1129, as amended from time to time (the "**EU Prospectus Regulation**").

This Base Prospectus received the approval no. 22-484 on 15 December 2022 from the *Autorité des marchés financiers* (the "**AMF**") in France in its capacity as competent authority under the EU Prospectus Regulation and shall be valid for admission to trading on a Regulated Market for twelve (12) months after its approval by the AMF, provided that the Base Prospectus is completed by one or more supplements, pursuant to Article 23 of the EU Prospectus Regulation, following the occurrence of any significant new factor, material mistake or material inaccuracy relating to the information included (or incorporated by reference) in this Base Prospectus which may affect investors' assessment of the Notes. After 15 December 2023, the Base Prospectus, as supplemented, will expire and the obligation to supplement this Base Prospectus in the event of significant new factors, material mistakes or material inaccuracies will no longer apply. The AMF only approves this Base Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the EU Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer nor as an endorsement of the quality of the Notes which are subject to this Base Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

For a period of twelve (12) months following the date of this Base Prospectus, application may be made (i) to the regulated market of Euronext Paris ("**Euronext Paris**") for Notes to be admitted to trading on Euronext Paris and/or (ii) to the listing authority of any other Member State of the European Economic Area ("**EEA**") for Notes to be admitted to trading on a regulated market as defined in the Directive 2014/65/EU on markets in financial instruments, as amended ("**EU MiFID II**"), appearing on the list of regulated markets issued by the European Securities Market Authority ("**ESMA**") (each such market being a "**Regulated Market**").

The final terms of the Notes to be issued under the Programme will be determined at the time of the offering of each Tranche of Notes and will be set out in the relevant final terms (the "**Final Terms**") (a form of which is contained herein). Notes may be issued at their nominal amount or at a discount or premium to their nominal amount.

Notes may be issued either in dematerialised form ("**Dematerialised Notes**") or in materialised form ("**Materialised Notes**") as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Articles L.211-3 *et seq.* and R.211-1 *et seq.* of the French *Code monétaire et financier*. No physical documents of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Dematerialised Notes. Dematerialised Notes may, at the option of the Issuer, be in bearer dematerialised form (*au porteur*) inscribed as from the issue date in the books of Euroclear France ("**Euroclear France**") (acting as central depository) which shall credit the accounts of Account Holders (as defined in "Terms and Conditions of the Notes – Form, Denomination and Title") including Euroclear Bank SA/NV ("**Euroclear**") and the depository bank for Clearstream Banking S.A. ("**Clearstream**") or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder (as defined in Condition 1(c)(iv)), in either fully registered form (*au nominatif pur*), in which case they will be inscribed either in an account maintained by the Issuer or by the registration agent (designated in the relevant Final Terms) acting on behalf of the Issuer, or in administered registered form (*au nominatif administré*) in which case they will be inscribed in the books of an Account Holder designated by the relevant Noteholder.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a "**Temporary Global Certificate**") will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the fortieth calendar day after the issue date of the Notes (subject to postponement as described in "Temporary Global Certificates issued in respect of Materialised Notes" below) upon certification as to non U.S. beneficial ownership as more fully described herein. Temporary Global Certificates will (a) in the case of a Tranche intended to be cleared through Euroclear and/or Clearstream, be deposited on the issue date with a common depository on behalf of Euroclear and/or Clearstream and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer.

The minimum denomination of the Notes shall be €100,000 (or its equivalent in any other currency) as at the date of issue of the Notes.

As at the date of this Base Prospectus, the Issuer has been assigned a long-term credit rating of "BBB (with a negative outlook)" and a short-term credit rating of "A-2" and the Programme has been rated "BBB" in respect of Notes with a maturity of one year or more by

S&P Global Ratings Europe Limited ("**S&P**"). Notes issued under the Programme may, or may not, be rated. The rating (if any) may be specified in the relevant Final Terms. The rating of the Notes will not necessarily be identical to the rating of the Issuer. As of the date of this Base Prospectus, S&P is registered under Regulation (EC) No 1060/2009 (as amended) on credit rating agencies ("**EU CRA Regulation**") and appears on the list of registered and certified rating agencies published by ESMA on its website in accordance with the EU CRA Regulation (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>).

The relevant Final Terms will specify whether or not such credit ratings (if any) will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the United Kingdom (the "**UK**") and registered under Regulation (EU) No 1060/2009 as it forms part of domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 (the "**UK CRA Regulation**") or certified under the UK CRA Regulation. If such credit rating agency is registered under the EU CRA Regulation, the Final Terms shall specify that such credit rating agency is included in the list of credit rating agencies published by ESMA on its website in accordance with the EU CRA Regulation (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>). A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

Prospective investors should have regard to the risk factors described under the section headed "Risk Factors" in this Base Prospectus. This Base Prospectus does not describe all of the risks of an investment in the Notes.

This Base Prospectus, any Supplement thereto (if any) and the Final Terms of the Notes listed and admitted to trading on a Regulated Market shall be published on the website of the AMF (www.amf-france.org) and Carrefour Banque (www.carrefour-banque.fr/societe).

EU MiFID II PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "EU MiFID II Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines on MiFID II product governance requirements published by ESMA on 5 February 2018, and which channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**" as defined in EU MiFID II) should take into consideration such determination; however, a distributor subject to EU MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels. A determination will be made by all relevant Dealers in relation to each issue about whether, for the purpose of the EU MiFID Product Governance rules under EU Delegated Directive 2017/593 (the "**EU MiFID Product Governance Rules**"), any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the EU MiFID Product Governance Rules.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET – The Final Terms in respect of any Notes may include a legend entitled "UK MiFIR Product Governance" which will outline the target market assessment in respect of the Notes, taking into account the five (5) categories referred to in item 18 of the Guidelines on MiFID II product governance requirements published by ESMA on 5 February 2018 (in accordance with the FCA's policy statement entitled "Brexiteer our approach to EU non-legislative materials"), and which channels for distribution of the Notes are appropriate. Any distributor (as defined above) should take into consideration such determination; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels. A determination will be made in relation to each issue about whether, for the purpose of the UK MiFIR Product Governance Rules, any Dealer subscribing for any Notes is a manufacturer in respect of such Notes, but otherwise neither the Arranger nor any Dealer nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

The Arranger and the Dealers have not separately verified the information contained in this Base Prospectus. None of the Dealers or the Arranger makes any representation, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Base Prospectus. To the fullest extent permitted by law, none of the Dealers or the Arranger accept any responsibility for the contents of this Base Prospectus or for any other statement, made or purported to be made by the Arranger or a Dealer or on its behalf in connection with the Issuer or the issue and offering of any Notes. The Arranger and each Dealer accordingly disclaims all and any liability (save as referred to above) which it might otherwise have in respect of this Base Prospectus or any such statement. Neither this Base Prospectus nor any other financial statements are intended to provide the basis of any credit or other evaluation and should not be considered as a recommendation by any of the Issuer, the Arranger or the Dealers that any recipient of this Base Prospectus or any other financial statements should purchase the Notes. Each potential purchaser of Notes should determine for itself the relevance of the information contained in this Base Prospectus and its purchase of Notes should be based upon such investigation as it deems necessary. None of the Dealers or the Arranger undertakes to review the financial condition or affairs of the Issuer during the life of the arrangements contemplated by this Base Prospectus or to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Dealers or the Arranger.

Independent review and advice

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each prospective investor of Notes must determine, based on its own independent review and such professional advice as it deems appropriate under the circumstances, that its acquisition of the Notes is fully consistent with its financial needs, objectives and condition, complies and is fully consistent with all investment policies, guidelines and restrictions applicable to it and is a fit, proper and suitable investment for it, notwithstanding the clear and substantial risks inherent in investing in or holding the Notes.

A prospective investor may not rely on the Issuer or the Dealer(s) or any of their respective affiliates in connection with its determination as to the legality of its acquisition of the Notes or as to the other matters referred to above.

The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the relevant Notes and the information contained in this Base Prospectus or any applicable supplement to this Base Prospectus;*
- have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the relevant Notes and the impact the relevant Notes will have on its overall investment portfolio;*
- have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;*
- understand thoroughly the terms of the relevant Notes and be familiar with the behaviour of any relevant indices and financial markets;*
- be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks; and*
- consult their legal advisers in relation to possible legal, tax, accounting, regulatory and related aspects of any investment in the Notes.*

Some Notes are complex financial instruments and such instruments may be purchased as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of such Notes and the impact this investment will have on the potential investor's overall investment portfolio.

Taxation

Potential purchasers and sellers of the Notes should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Notes are transferred or other jurisdictions. In some jurisdictions, no official statements of the tax authorities or court decisions may be available for financial instruments such as the Notes. Potential investors are advised to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Notes. Only these advisers are in a position to duly consider the specific situation of the potential investor.

Credit ratings may not reflect all risks

One or more independent credit rating agencies may assign credit ratings to the Notes. The ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed in this section, and other factors that may affect the value of the Notes.

in any other currency as at the date of issue of the Notes); and (ii) unless otherwise permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA will have a minimum denomination of £100,000 (or its equivalent in other currencies).

Fixed Rate Notes:

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Final Terms.

Floating Rate Notes:

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by a 2013 FBF Master Agreement relating to transactions on forward financial instruments, incorporating the FBF Definitions, as published by the *Fédération Bancaire Française* ("FBF"), or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating either the 2006 ISDA Definitions or the latest version of the 2021 ISDA Interest Rate Derivatives Definitions, each as published by the International Swaps and Derivatives Association ("ISDA") (or any successor) on its website (<http://www.isda.org>), as specified in the relevant Final Terms, each as amended and updated as at the Issue Date of the first Tranche of the Notes; or
- (iii) by reference to EURIBOR or CMS Rate or any successor rate or any alternative rate, as adjusted for any applicable margin.

Interest Periods will be specified in the relevant Final Terms. The Minimum Rate of Interest shall not be less than zero.

Benchmark Discontinuation

In the event that a Benchmark Event occurs, such that any rate of interest (or any component part thereof) cannot be determined by reference to the original benchmark or screen rate (as applicable) specified in the relevant Final Terms, then the Issuer shall use its reasonable endeavours to appoint an independent adviser to determine a successor or an alternative benchmark and/or screen rate (with consequent amendment to the terms of such Series of Notes and, potentially the application of an adjustment spread, which could be negative or positive). See Condition 5(b)(iii)(C)(5) (*Benchmark Discontinuation*) for further information.

Fixed/Floating Rate Notes:

Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.

Zero Coupon Notes:

Zero Coupon Notes (as defined in "Terms and Conditions of the Notes") may be issued at their nominal amount or at a discount to it and will not bear interest.

Interest Periods and Interest Rates:

The length of the Interest Periods for the Notes and the applicable Rate of Interest or its method of calculation may differ from time to time or be constant for any Series. Notes may have a Maximum Rate of Interest, a Minimum Rate of Interest, or both. The use of Interest Accrual Periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Final Terms.

Redemption:

The relevant Final Terms will specify the basis for calculating the Redemption Amounts payable. Unless permitted by then current laws and regulations, Notes (including Notes denominated in sterling) which have a maturity of less than one year and in respect of which the issue proceeds are to be accepted by the Issuer in the United Kingdom or whose issue otherwise constitutes a contravention of section 19 of the FSMA must have a minimum redemption amount of £100,000 (or its equivalent in other currencies).

Optional Redemption:

The Final Terms issued in respect of each Series of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders, and if so the terms applicable to such redemption.

If "Call Option" is specified as being applicable in the relevant Final Terms, the Issuer may redeem all or, if so provided, some of the Notes on any Optional Redemption Date (as specified in the relevant Final Terms). Any such redemption of Notes shall be at their Optional Redemption Amount (which may be the Early Redemption Amount and as specified in the relevant Final Terms) together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed as specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms. See Condition 6(d) "*Terms and Conditions of the Notes - Redemption, Purchase and Options - Redemption at the Option of the Issuer*".

Redemption of Residual Outstanding Notes at the Option of the Issuer:

If "Redemption of Residual Outstanding Notes at the Option of the Issuer" is specified as being applicable in the relevant Final Terms in respect of any Series of Notes, then the Issuer will have the option to redeem at par together with interest accrued to the date fixed for redemption all but not some only of the Notes outstanding of that Series of Notes at any time, provided that redemptions (except for a Make-Whole Redemption by the Issuer) or repurchases and cancellations of such Series shall have been previously effected in respect of at least 75 per cent. of the aggregate principal amount of such Series of Notes.

See Condition 6(e) "*Terms and Conditions of the Notes - Redemption, Purchase and Options - Redemption of Residual Outstanding Notes at the Option of the Issuer*".

Make-Whole Redemption by the Issuer:

If "Make-Whole Redemption by the Issuer" is specified as being applicable in the relevant Final Terms in respect of any issue of Notes, the Issuer will have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to their Relevant Redemption Date at the Make-Whole Redemption Amount.

See Condition 6(f) "*Terms and Conditions of the Notes - Redemption, Purchase and Options - Make-Whole Redemption by the Issuer*".

Redemption at the option of Noteholders upon Change of Control:

The holder of each Note will have, if a Change of Control Put Event occurs, the option to require the Issuer to redeem that Note on the Change of Control Put Date at its principal amount together with interest accrued to (but excluding) the Change of Control Put Date.

See Condition 6(h) "*Terms and Conditions of the Notes - Redemption, Purchase and Options - Redemption at the Option of the Noteholders upon a Change of Control*".

Redemption by Instalments:

The Final Terms issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

See Condition 6(a) "*Terms and Conditions of the Notes - Redemption, Purchase and Options - Redemption by Instalments and Final Redemption*".

Early Redemption:

The Programme has been rated "BBB" in respect of Notes with a maturity of one year or more by S&P.

As of the date of this Base Prospectus, S&P is registered under Regulation (EC) No 1060/2009 (as amended) on credit rating agencies ("**EU CRA Regulation**") and appears on the list of registered and certified rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website in accordance with the EU CRA Regulation (<https://www.esma.europa.eu/supervision/credit-rating-agencies/risk>).

Notes issued under the Programme may be rated or unrated. The rating (if any) may be specified in the relevant Final Terms. The rating of the Notes will not necessarily be identical to the rating of the Issuer. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change, or withdrawal at any time by the assigning rating agency.

The relevant Final Terms will specify whether or not such credit ratings will be (1) issued or endorsed by a credit rating agency established in the EEA and registered under the EU CRA Regulation, or by a credit rating agency which is certified under the EU CRA Regulation and/or (2) issued or endorsed by a credit rating agency established in the UK and registered under the UK CRA Regulation, or by a credit rating agency which is certified under the UK CRA Regulation will be disclosed in the Final Terms

The Notes issued under the Programme may also be unlisted or listed on an alternative trading platform. The Final Terms will specify whether or not an application has been or will be made for such Notes to be listed and/or admitted to trading and, if so, the relevant Regulated Market(s) or stock exchange(s) where the Notes will be listed and/or admitted to trading.

The Notes to be issued by the Issuer qualify under Category 2 for the purposes of Regulation S under the Securities Act. Materialised Notes will be issued in compliance with US Treas. Reg. § 1.163-5(c)(2)(i)(D) (the "**D Rules**") unless (i) the Relevant Final Terms state that such Materialised Notes are issued in compliance with US Treas. Reg. § 1.163-5(c)(2)(i)(C) (the "**C Rules**"), or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable.

The TEFRA rules do not apply to any Dematerialised Notes.

Representation of Noteholders:

Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a masse (in each case, the "**Masse**").

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**"). If and for so long as the Notes are held by a sole Noteholder, such Noteholder shall exercise all powers, rights and obligations entrusted to the Masse by the provisions of the French *Code de Commerce*.

RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under Notes issued under the Programme. All of these factors are contingencies which may or may not occur. The risk factors may relate to the Issuer or the Group.

Factors which the Issuer believes are specific to the Notes and material for making an informed investment decision with respect to investing in the Notes issued under the Programme are also described below.

Investors are invited to read carefully the information provided in the risk factors before investing in the Notes. Investors' attention is drawn to the fact that other risks, not identified as at the date of this Base Prospectus or whose realization is not considered likely to have, as at this same date, a significant negative impact on the Issuer's business, financial situation and results, its perspectives, its development and/or on the Notes, may exist or occur. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus (including any documents incorporated by reference herein and the relevant Final Terms) and reach their own views prior to making any investment decision. In particular, investors should consult their own financial and legal advisers about risks associated with the investment in a particular series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

The risk factors have been presented in a limited number of categories depending on their nature. The risks which the Issuer considers to be the most material are set out first in each category, with the remaining risk factors in each category set out in descending order of materiality. No importance should be given to the order of the different categories.

Terms defined herein shall have the same meaning as in the "Terms and Conditions of the Notes".

Factors that may affect the Issuer's ability to fulfil its obligations under Notes issued under the Programme

The risk factors relating to the Issuer are limited to those that are specific to the Issuer and material to an informed investor's decision to invest in the Notes. In assessing the materiality of each risk, the Issuer has considered the probability of its occurrence (bearing in mind the Issuer's risk management policies) and the magnitude of its impact on the Issuer.

1. Structural and business risks

Competition could materially adversely affect Carrefour Banque's revenues and profitability

Carrefour Banque's principal activities are retail banking and insurance broking, which together constitute nearly all of Carrefour Banque's activities. Therefore, its principal competitors are commercial banks, consumer finance and insurance companies as well as other banks forming part of competitor supermarket chains. Carrefour Banque's market share for its credit activity as at 31 December 2021 was 2.4% of the total credit activity of all members of the French *Association Française des Sociétés Financières*¹. Some of Carrefour Banque's competitors may be able to offer lower rates if they have lower borrowing costs due to their greater size and profitability and others may offer lower rates to attract new customers as part of a commercial strategy. The high number of competitors means that this risk is particularly relevant to Carrefour Banque. If Carrefour Banque is unable to respond to the competitive environment in retail banking and insurance broking with attractive and profitable products and services in a timely manner, Carrefour Banque may lose its existing market share in such sectors. The loss of existing customers to competitors and/or the failure to attract new customers, particularly in the retail banking and insurance broking sectors, could have a significant impact on the results, financial situation and prospects of Carrefour Banque, and could ultimately have an impact on Carrefour Banque's ability to respect its payment obligations to Noteholders, the significance of which would depend on how much market share was lost.

Carrefour Banque relies on Carrefour hypermarkets to distribute its products

Although it does have a network for distribution via telephone sales and via its website, Carrefour Banque distributes the vast majority of its products (consumer loans, insurance and savings products) to its customers through Carrefour hypermarkets (specifically at its 175 financial services stands in each Carrefour hypermarket in France) and so relies on Carrefour's hypermarket chain for distribution. Therefore, if there is a decrease in Carrefour hypermarket customers, permanently or temporarily, this could lead to a decrease in the number of new customers and/or in the sale of further Carrefour Banque products to existing customers. Should Carrefour Banque fail to attract new

¹ Source: The *Association Française des Sociétés Financières*.

customers, it may see its market share decreased, and this and/or its failure to sell new (or renew the subscription of) Carrefour Banque products to existing customers, could have a direct and immediate impact on its revenues and profitability and ultimately its ability to respect its payment obligations to Noteholders.

Carrefour Banque's products are primarily limited to the French market

Carrefour Banque operates primarily within the French market, with the French net banking income representing 88% of Carrefour Banque's consolidated net banking income and 99.8% of Carrefour Banque's balance sheet as at 31 December 2021. A weakening of the French economy could therefore bring about a decline in Carrefour Banque activity, in particular if an economic downturn led to significant changes in European or French economic policy, in interest rate changes and in reduced consumer spending and borrowing which would have an immediate and direct impact on Carrefour Banque's activity. The significance of the impact would depend upon the nature of the interest rate changes, but a significant impact could affect Carrefour Banque's ability to respect its payment obligations to Noteholders.

Risks relating to the macroeconomic environment

The Issuer is exposed to changes in the macroeconomic environment. In the context of the current deterioration of such macroeconomic environment, with the rise of (i) interest rates and (ii) costs of raw materials and energy, there is a risk of recession in France. Such risk could impact the consumer loan business of the Issuer in the coming years.

Moreover, while France is no longer in a state of emergency (*état d'urgence*) due to the COVID-19 pandemic, the risk of resurgence still exists and could impact the financial situation of the Issuer.

The Issuer's business model relies on providing finance to retail customers. Despite the fact that the Issuer constantly assesses the specific impacts of this situation and adapts its expected credit loss modelling to take account of the changed circumstances, there is a risk of high default rates made worse by recession.

Overall, the combination of supply chain issues, labour shortages, the rising costs of raw materials and energy and the risk due to the resurgence of the COVID-19 pandemic could weaken growth and have a material adverse effect on the business, operations and results of the Issuer which may impact its ability to respect its payment obligations under the Notes and lead to a loss of all or part of the Noteholders' investment.

Investors have recourse only to the Issuer

The Notes are the liabilities of the Issuer only, and investors will therefore only have recourse to the Issuer for payments due under the Notes. There are no guarantees provided by the shareholders of Carrefour Banque (despite the reliance of Carrefour Banque on its shareholders (Carrefour (which holds a 60% shareholding) and BNP Paribas Personal Finance S.A. (which holds a 40% shareholding)) for its funding requirements) or any other persons in relation to the Notes, and the Notes do not benefit from any security. Consequently, a significant deterioration in the financial situation of Carrefour Banque may impact its ability to respect its payment obligations under the Notes and have a direct impact on the Noteholders' investment.

2. Credit risk

Carrefour Banque is exposed to credit risk from its customers and recovery risk

Carrefour Banque is exposed to credit risk from individual customers who have credit cards or loans with Carrefour Banque, particularly in relation to two of its credit solutions: (i) revolving credit which as at 31 December 2021 constituted 46% of its total credit portfolio and (ii) personal loans which as at 31 December 2021 constituted 34% of its total credit portfolio, but also in relation to its specific purchase loans, which as at 31 December 2021 constituted 3% of its total credit portfolio. There is a risk of loss arising from the failure of such customers to respect the payment or other terms of their loan(s) or credit card debt. As at 31 December 2021, Carrefour Banque had €1,369 million of total credit granted and outstanding, of which 7% were classified by Carrefour Banque as doubtful loans as at 31 December 2021. Carrefour Banque's recovery of its customers' debts has an impact on its cash flow which is relevant to its ability to respect coupon payments and, in particular, payments of principal in relation to the Notes. Carrefour Banque has procedures in place to evaluate the credit profile of individual customers and specific committees that meet regularly to assess the credit risk of its loan portfolio (see "*Description of the Issuer - Risk Management*"), but the risk of customer default cannot be excluded as Carrefour Banque's credit risk is heavily dependent upon economic factors, including unemployment, personal income growth and disposable household incomes. Carrefour Banque has no corporate banking activities and is reliant on its retail banking activities to generate revenues. Although lending to retail customers helps to ensure that Carrefour Banque's lending concentrations and single-party exposure remain low, it may also increase the overall credit risk in the loan portfolio since retail customers typically have less financial strength than corporate borrowers, and negative developments in the French economy (see "*Carrefour Banque's*

products are primarily limited to the French market") could affect such borrowers more significantly than large corporate borrowers.

As at 31 December 2021, Carrefour Banque's total cost of risk amounted to -€53.74 million.

The Issuer engages in insurance broking activities

Carrefour Banque is exposed to underwriting risk, liquidity risk and credit risk through its insurance broking activities. As at 31 December 2021, Carrefour Banque's total cost of risk stands at €53.74 million compared to net banking income of €228 million. Carrefour Banque's revenues generated through Carrefour Banque's insurance broking activities are not taken into account in its cost of risk. Carrefour Banque is exposed to the risk of financial loss caused by a sudden, unexpected increase in insurance claims. This underwriting risk may be statistical, macroeconomic or behavioural, or may be related to public health issues or disasters.

Carrefour Banque is also exposed to liquidity risk relating to its ability to fulfil current or future foreseen or unforeseen cash requirements coming from insurance commitments to policyholders. Carrefour Banque actively monitors its liquidity situation, using assessments based on internal standards, early warning indicators and regulatory ratios. Finally, Carrefour Banque is exposed to credit risk relating to its finance insurance policies. There is a risk of loss and cash flow problems arising from the failure of a customer to meet the payment or other terms of its insured contract. Carrefour Banque has procedures in place to evaluate the credit profile of individual customers and specific committees that meet regularly to assess the risk of default by borrowers.

If Carrefour Banque's risk management policies were to provide inadequate or there was a substantial increase in insurance claims and Carrefour Banque incurred significant financial loss and/or experienced cash flow problems as a result, this could have an impact on Carrefour Banque's ability to respect its payment obligations under the Notes and lead to a loss of all or part of the Noteholder's investment.

3. Funding and liquidity risks

Liquidity risks

Carrefour Banque finances its activities principally the raising of finance through bank lending and in particular the capital markets. Carrefour Banque is subject to the risk that it will have insufficient liquidity to (i) repay its debts when they fall due (in particular payments under any savings contracts, see *"The Issuer engages in insurance broking activities"* above) and (ii) fund its existing or new consumer loans. Such risk is exacerbated by the recovery risk mentioned in *"Carrefour Banque is exposed to credit risk from its customers and recovery risk"* above and by the risk that its financing requirements could increase (for example, due to an unexpected increase in insurance claims, see *"The Issuer engages in insurance broking activities"* above) or that its access to funds could be affected by factors outside of its control (for example, due to a deterioration in the French economy, see *"Carrefour Banque's products are primarily limited to the French market"*).

Carrefour Banque controls this risk by strict management rules which are subject to a monthly evaluation. The financial management of the Issuer aims to give a refinancing certainty of at least 12 months. The outstanding amount of short term indebtedness cannot exceed the back-up liquidity constituted by confirmed letters of credit. In addition, the Issuer endeavours to diversify as much as possible the sources of its funding, such as syndicated loans, ECB-eligible securitisation, Neu CPs and Neu MTNs, savings products, fixed term deposits and bilateral loan facilities, in order to attract classes of short and medium-term investors.

As at 31 December 2021, Carrefour Banque's liquidity coverage ratio stood at 190.67%, well above the regulatory requirement of 100%. In addition, although Carrefour Banque's benefitted from total funding commitments of EUR 4,504 million as at 31 December 2021 only EUR 2,805 million had been used as at 31 December 2021. It would take quite a significant restriction to Carrefour Banque's access to the capital markets, for example due to severely adverse market conditions, for there to be an impact on Carrefour Banque's ability to respect its payment obligations to creditors, including the Noteholders, in particular because Carrefour Banque has undrawn credit lines in place (see *"Description of the Issuer – Funding and Liquidity"*) which could be drawn as an alternative source of funding.

Interest rate risk

Interest rate risk is the risk that changes in market interest rates and prices will negatively affect Carrefour Banque's income and capital and increase its borrowing costs. Carrefour Banque's customer loans are issued at fixed interest rates, for durations of between 12 to 84 months for personal loans (which as at 31 December 2021 constituted 34% of its total credit portfolio) and 36 to 60 months for revolving credit (according to the amount of the authorised overdraft) which as at 31 December 2021 constituted 46% of its total credit portfolio. However, the financial management of the Issuer aims to protect and optimize its financial margin. It is based on an apprehension of its loan

portfolio by categories of identical characteristics (e.g. same type of interest rate, same principle of pricing revision, same type of depreciation) in order to obtain the adequate hedging of such interest rate risk. As a sudden change in market interest rates could have a significant impact on the financial margin of Carrefour Banque and therefore its financial prospects, the interest rate risk is measured on a monthly basis for each category of assets, by applying the interest rate limit methodology subject to a stress rate of 2 per cent., in accordance with which the result is framed within an authorised range instead of being a percentage of the result, and as a percentage of equity.

Carrefour Banque's Shareholder Structure

Although Carrefour Banque is continuing to diversify its funding sources by relying on different market segments, such as syndicated loans, ECB-eligible securitisation, Neu CPs and Neu MTNs, saving products, fixed term deposits and bilateral loan facilities, and by seeking to work with new counterparties (see "*Description of the Issuer – Funding and Liquidity*"), Carrefour Banque relies to an extent on its shareholders, Carrefour (which holds a 60% shareholding) and BNP Paribas Personal Finance S.A. (which holds a 40% shareholding), for its funding requirements, more specifically as a back-up source of liquidity. If either of the current shareholders ceases to be a shareholder of Carrefour Banque, this may have an effect on Carrefour Banque's ability to source funding in the future and may result in a deterioration in its financial condition and ability to pay its obligations, including to the Noteholders, as they fall due. The shareholders have historically financially supported the Issuer when necessary, though if they were to cease doing so in the future, this could have an impact on the Issuer's financial situation and its ability to respect its payment obligations to creditors, including the Noteholders.

4. Organisational and operational risks

The Issuer is subject to operational risks

The business of the Issuer could be disrupted and suffer losses as a result of information technology difficulties especially in relation to credit scoring systems and customer databases, human error, fraud or breakdowns in processes and procedures, whether within Carrefour Banque or with its service providers. The occurrence of such problems could adversely affect Carrefour Banque's reputation with its customers and result in their turning to Carrefour Banque's competitors for their future requirements and any disruption to its servicing activities, due to inability to access or accurately maintain its customer account records or otherwise, could have a significant negative impact on its ability to collect on those receivables and/or satisfy its customers. Should Carrefour Banque's current and future revenues be affected by such an operational failure, which would be possible depending on the nature and significance of the operational failure, this could have an impact on Carrefour Banque's ability to respect its payment obligations to creditors, including the Noteholders.

Carrefour Banque's Organisational Structure

Carrefour Banque relies on other members of the Carrefour group for certain important functions relating to its business and for a number of support functions required to conduct its business, such as human resources, information technology and legal services. If, in the future, such members of the Carrefour group were to become unable or unwilling to provide these services to Carrefour Banque, Carrefour Banque's operations could be disrupted if it were not able to handle the relevant functions in-house and Carrefour Banque could incur substantial replacement costs for hiring in-house staff or contracting with other external providers. Any such disruption could potentially result in financial losses or other damage to Carrefour Banque, including damage to its reputation, which if significant, could both have an impact on Carrefour Banque's ability to respect its payment obligations to creditors, including the Noteholders.

5. Legal and regulatory risks

Carrefour Banque's business is subject to consumer protection regulatory regimes

Carrefour Banque must comply with new and changing consumer credit regulations, most importantly the French *loi n° 2014-344 du 17 mars 2014 relative à la consommation*, and, also in relation to the other jurisdictions in which it operates (i.e. Belgium), European Directive 2008/48/EC on consumer credit agreements. Such consumer protection legislation regulates how Carrefour Banque can advertise to current and potential clients, what information it can provide to borrowers regarding interest rates and loan conditions, how it should carry out pre-financing credit checks and how borrowers' can cancel or prepay financing contracts entered into with Carrefour Banque. The regulations also affect the maximum amounts that Carrefour Banque can lend to consumers and what the maximum interest rates (usury rates) should be. Carrefour Banque's efforts to comply with these laws and regulations impose significant costs, and affect the conduct of its business, in some cases potentially reducing its margins and revenues. Additional regulation and in particular the changes to the European Directive 2008/48/EC put forward as part of the European Commission's proposal published on 30 June 2021 for a directive on consumer credits may add further significant

costs or operational constraints that might impair the profitability of its business and have an impact on its ability to respect its payment obligations to creditors, including the Noteholders.

Carrefour Banque's business is subject to banking supervisory regulations

Carrefour Banque has to bear costs of complying with banking supervisory regulations such as Basel III. An increase in regulation and capital requirements, in particular, in Europe and in France, could make certain parts of the business of Carrefour Banque more costly to operate and less competitive and could impact the financial situation of Carrefour Banque to such an extent that its ability to respect its payment obligations to the Noteholders would be impaired.

The financial measures that have been adopted, notably by Directive 2013/36/EU of the European Parliament and of the Council of 26 June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions, as published in the Official Journal of the European Union on 27 June 2013 ("**CRD IV**" as amended or replaced from time to time, including by Directive (EU) 2019/878 of the European Parliament and of the Council of 20 May 2019 ("**CRD V**") and Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms ("**CRR**" as amended or replaced from time to time, including by: (i) Regulation (EU) 2019/876 of the European Parliament and of the Council of 20 May 2019 as regards the leverage ratio, the net stable funding ratio, requirements for own funds and eligible liabilities, counterparty credit risk, market risk, exposures to central counterparties, exposures to collective investment undertakings, large exposures, reporting and disclosure requirements ("**CRR 2**") (CRR 2 has taken effect as from June 2021, with the exception of certain provisions that will take effect through 2025); (ii) Regulation (EU) 2020/873 of the European Parliament and of the Council of 24 June 2020 amending Regulations (EU) No 575/2013 and (EU) 2019/876 as regards certain adjustments in response to the COVID-19 pandemic; and (iii) Regulation (EU) 2022/2036 of the European Parliament and of the Council of 19 October 2022 amending Regulation (EU) No 575/2013 and Directive 2014/59/EU as regards the prudential treatment of global systemically important institutions with a multiple-point-of-entry resolution strategy and methods for the indirect subscription of instruments eligible for meeting the minimum requirement for own funds and eligible liabilities, which entered into force on 14 November 2022, to the exception of certain provisions which will enter into force on 1 January 2024), or that may be adopted, include more stringent capital and liquidity requirements and the creation of new and strengthened regulatory bodies. In many countries, the majority of these topics are subject to revision and need adapting to each country's framework by national regulators. It must be noted that CRR 2 has been amended by Regulation (EU) 2020/873 mentioned above setting out certain adjustments in response to the COVID-19 pandemic (notably through a number of temporary prudential rules), aimed at mitigating the economic shock caused thereby. These provisions generally applied as from 27 June 2020.

CRD V and Directive 2014/59/EU of the Parliament and of the Council of 15 May 2014 establishing a framework for the recovery and resolution of credit institutions and investment firms ("**BRRD**"), as amended or replaced from time to time, including by Directive (EU) 2019/879 of the European Parliament and of the Council of 20 May 2019 ("**BRRD 2**"), were implemented under French law by French *Ordonnance n°2020-1636 relative au régime de résolution dans le secteur bancaire* of 21 December 2020 and French *Ordonnance n°2020-1635 portant diverses dispositions d'adaptation de la législation au droit de l'Union européenne en matière financière* of 21 December 2020. Following the entry into force of CRD V/CRR 2, Carrefour Banque is subject to, among other things, a binding leverage ratio (LR) as well as an harmonised net stable funding ratio (NSFR).

On 27 October 2021, the European Commission issued legislative proposals for amending CRD V/CRR 2 and BRRD 2. Such legislative proposals are currently being negotiated between the European Commission, the Council and the European Parliament.

There is uncertainty as to the full impact of such legislative proposals on the business of French credit institutions such as Carrefour Banque.

Factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme

1. Risks relating to all Series of Notes

Credit risk

An investment in the Notes involves taking credit risk on the Issuer. As at the date of this Base Prospectus, the Issuer has been assigned a long-term credit rating of "BBB" (with a negative outlook) and a short-term credit rating of "A-2" by S&P. As mentioned in Condition 3 (*Status*), the Notes are unsecured obligations of the Issuer, benefitting from no direct recourse to any assets or guarantees, the Noteholders can only rely on the ability of the Issuer to pay any amount due under the Notes. The value of the Notes will depend on the creditworthiness of the Issuer (as may be

impacted by the risks relating to the Issuer described above). If the creditworthiness of the Issuer deteriorates, the potential impact on the Noteholders could be significant because (i) the Issuer may not be able to fulfill all or part of its payment obligations under the Notes, (ii) the market value of the Notes may decrease and (iii) investors may lose all or part of their investment.

An active trading market for the Notes may not develop

Notes issued under the Programme will be new securities which may not be widely distributed and for which there may be no active trading market (unless in the case of any particular Tranche, such Tranche is to be consolidated with and form a single series with a Tranche of Notes which is already issued). If the Notes are traded after their initial issuance, they may trade at a discount to their initial offering price, depending upon prevailing interest rates, the market for similar securities, general economic conditions and the financial condition of the Issuer. Although the Final Terms of a Series of Notes may provide that such Notes will be listed and admitted to trading on Euronext Paris and/or any other stock exchange, any such application may not be accepted, any such Series of Notes may not be admitted or an active trading market in respect of such Series may not develop and, once accepted and/or admitted, such admission and/or listing may be suspended or terminated during the life of the Notes of such Series. Such situation could materially affect the market value of the Notes.

In addition, certain Notes may be designed for specific investment objectives or strategies and therefore may have a more limited secondary market and experience more price volatility than conventional debt securities. This may have a negative impact on the liquidity of the Notes and result in low trading volumes. The degree of liquidity of the Notes may negatively impact the price at which an investor can dispose of the Notes where the investor is seeking to achieve a sale within a short timeframe. In such circumstances, the impact of this risk on the Noteholder would be high because Notes would likely have to be resold at a discount to the nominal value of the Notes. Furthermore, if additional and competing products are introduced in the markets, this may have a significant adverse effect on the market value of the Notes.

French Insolvency Law and EU Restructuring Directive

The Issuer is incorporated in France as a *société anonyme* and authorised in France as a credit institution – investment services provider (*établissement de crédit – prestataire de services d'investissement*). In the event that the Issuer becomes insolvent, pursuant to Articles L. 613-31-1 *et seq.* of the French *code monétaire et financier*, insolvency proceedings will be generally governed by the insolvency laws of France.

Pursuant to Article L. 613-27 of the French *code monétaire et financier*, safeguard, judicial reorganisation or liquidation procedures may be opened against a credit institution with the prior consent of the *Autorité de contrôle prudentiel et de résolution* ("**ACPR**") (*avis conforme*) only and competent French courts are bound by such decision.

The Directive (EU) 2019/1023 of the European Parliament and of the Council of 20 June 2019 on preventive restructuring frameworks, on discharge of debt and disqualifications, and on measures to increase the efficiency of procedures concerning restructuring, insolvency and discharge of debt, and amending Directive (EU) 2017/1132 was implemented into French law by the *Ordonnance* no. 2021-1193 dated 15 September 2021 (the "**Ordonnance**"). Although such directive excludes credit institutions from its scope, the *Ordonnance* does not make such exclusion. Therefore, the following would apply with respect to the Issuer. The *Ordonnance*, applicable as from 1st October 2021, amends French insolvency laws notably with regard to the process of adoption of restructuring plans under insolvency proceedings.

According to this *Ordonnance*, "affected parties" (including notably creditors, and therefore the Noteholders) shall be treated in separate classes which reflect certain class formation criteria for the purpose of adopting a restructuring plan. Classes shall be formed in such a way that each class comprises claims or interests with rights that reflect a sufficient commonality of interest based on verifiable criteria.

Noteholders will no longer deliberate on the proposed restructuring plan in a separate assembly, meaning that they will no longer benefit from a specific veto power on this plan. Instead, as any other affected parties, the Noteholders will be grouped into one or several classes (with potentially other types of creditors) and their dissenting vote may possibly be overridden: (i) by a cram down inside their class if grouped with other creditors; or (ii) by a cross-class cram down between classes.

Should an insolvency proceeding be opened, the commencement of such proceeding against the Issuer would have a material adverse effect on the market value of Notes issued by the Issuer. As a consequence, any decisions taken by a class of affected parties could negatively and significantly impact the Noteholders and cause them to lose all or part of their investment, should they not be able to recover all or part of the amounts due to them from the Issuer.

Exchange rate risks and exchange controls.

The Programme allows for Notes to be issued in a range of currencies (each, a "**Specified Currency**"). The Specified Currency for any Series of Notes will be identified in the relevant Final Terms. The Issuer will pay principal and interest on the Notes in the Specified Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "**Investor's Currency**") other than the Specified Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. Such risks generally depend on a number of factors, including financial, economic and political events over which the Issuer has no control. An appreciation in the value of the Investor's Currency relative to the Specified Currency would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency-equivalent value of the principal payable on the Notes and (3) the Investor's Currency-equivalent market value of the Notes.

Government and monetary or financial authorities may impose (as some have done in the past) exchange controls that could adversely affect exchange rates, as well as the availability of the Specified Currency in which a Note is payable at the time of payment of interest and/or principal in respect of such Note. This risk should not be overplayed, but if it were to materialise, the Noteholders whose financial activities are carried out or dependent principally in a currency or currency unit other than the relevant Specified Currency could be very negatively impacted as they might receive less interest or principal than expected, or, at worst, no interest or principal.

Modification of the Terms and Conditions of the Notes

Condition 11 (*Representation of Noteholders*) contains provisions for consulting Noteholders on matters affecting their interest generally, including without limitation the modification of the Terms and Conditions of the Notes (subject to the limitations provided by French law).

The Terms and Conditions permit in certain cases defined majorities to bind all Noteholders including Noteholders who did not attend (or were not represented) and vote at the relevant General Meeting (as defined in Condition 11) or were not represented at the relevant meeting or did not consent to a Written Decision (as defined in Condition 11) and Noteholders who voted in a manner contrary to the majority.

Noteholders may through Collective Decisions (as defined in Condition 11) deliberate on proposals relating to the modification of the Terms and Conditions of the Notes subject to the limitations provided by French law. If a proposal is duly adopted through such a Collective Decision and such modification were to impair or limit the rights of the Noteholders, this may have a negative impact on the market value of the Notes. However, the likelihood of a majority of Noteholders adopting a decision that would have a significant adverse effect on the Noteholders should not be overplayed.

Change of law

The Terms and Conditions of the Notes are based on and governed by French law and EU rules in effect as at the date of this Base Prospectus. Future judicial decisions or changes to French law, EU rules or their administrative practice, official application or interpretation may take place after the date of this Base Prospectus and may impact the Notes. If any change in law was unfavourable to the Issuer or the Noteholders, it could have an adverse or a significant adverse effect on the market value of the Notes (depending on the nature of the change) and could have potentially serious negative repercussions on the Noteholders' investment in the Notes. The risk of changes in law is higher for Notes with longer maturities.

European Resolution Directive and French implementing legislation

BRRD, as amended or replaced from time to time, including by BRRD 2, was designed to provide the regulatory authorities (the "**Relevant Resolution Authorities**") with common tools and powers to address banking crisis preemptively in order to safeguard financial stability and minimising the impact of an institution's failure on the economy and financial system. BRRD 2 was implemented under French law by French Ordinance no. 2020-1636 of 21 December 2020 relating to the resolution regime in the banking sector (*Ordonnance n°2020-1636 du 21 décembre 2020 relative au régime de résolution dans le secteur bancaire*).

The provisions implementing BRRD (as amended by BRRD 2) into French law (the "**French Resolution Regime**") provide that the resolution board of the ACPR may, when the point of non-viability is reached in respect of Carrefour Banque (*i.e.* (a) Carrefour Banque is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures or supervisory action would prevent the failure of Carrefour Banque within a reasonable timeframe, and (c) a resolution action is necessary in the public interest), use, alone or in combination, the following resolution tools towards Carrefour Banque:

- the sale of business – which enables Relevant Resolution Authorities to direct the sale of Carrefour Banque or the whole or part of its business on commercial terms;
- the creation and use of a bridge institution – which enables Relevant Resolution Authorities to transfer all or part of the business of Carrefour Banque to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control);
- asset separation – which enables Relevant Resolution Authorities to transfer impaired or problem assets to one or more publicly owned asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and
- bail-in – which gives to Relevant Resolution Authorities the power to write down partially or totally (down to zero) certain claims of unsecured creditors of Carrefour Banque and to convert certain unsecured debt claims to equity, which equity could also be subject to any future application of the general bail-in tool. The exercise of bail-in by the Relevant Resolution Authorities may result in the partial or total write-down, or conversion into equity, of the Notes issued by Carrefour Banque, in which case the Noteholders would lose some or all of their investment. In order to facilitate the implementation of the bail-in tool, credit institutions and investment firms are required, under BRRD, to hold a sufficient amount of highly loss absorbing (bail-inable) liabilities to ensure that sufficient financial resources are available for write down or conversion into equity (the "Minimum Requirement for Own Funds and Eligible Liabilities" ("MREL"), set in accordance with BRRD 2 and Regulation (EU) No. 2019/877 of the European Parliament and of the Council of 20 May 2019 amending Regulation (EU) No. 806/2014 (SRMR) ("SRMR 2")). When applying a bail-in measure, the Relevant Resolution Authorities must first reduce or cancel common equity tier one, thereafter reduce, cancel, convert additional tier one instruments, then tier two instruments and other subordinated debts to the extent required and up to their capacity. If and if only this total reduction is less than the amount needed, the Relevant Resolution Authorities will reduce or convert to the extent required the principal amount or outstanding amount payable in respect of unsecured creditors in accordance with the hierarchy of claims in normal insolvency proceedings.

In addition to the four resolution tools mentioned above, the Relevant Resolution Authorities could take with respect to the institution (or, under certain circumstances, its group) that is under resolution certain additional measures, such as, in particular and without limitation, the cancellation of debt securities or eligible liabilities, the variation of the terms of debt securities, the suspension of any obligation to pay or deliver financial instruments and/or the obligation for such institution to issue new securities. If Carrefour Banque's financial condition, or that of the Group, deteriorates or is perceived to deteriorate, the existence of all such resolution powers could cause the market value of the Notes issued by Carrefour Banque to decline more rapidly than would be the case in the absence of such powers.

Article 68 of BRRD, as implemented into French law under Article L. 613-45-1 of the French *code monétaire et financier*, provides that certain crisis prevention measures and crisis management measures, including the opening of a resolution proceeding in respect of Carrefour Banque, may not per se give rise to a contractual enforcement right against Carrefour Banque or the right to modify Carrefour Banque's obligations, so long as Carrefour Banque continues to meet its payment obligations. Accordingly, if a resolution proceeding is opened in respect of Carrefour Banque, Noteholders will not have the right to declare an event of default, to accelerate the maturity of the Notes, to modify the terms of the Notes or to exercise other enforcement rights in respect of the Notes so long as Carrefour Banque continues to meet its payment obligations.

The exercise of any power under the French Resolution Regime or, any suggestion of such exercise, could materially adversely affect the rights of Noteholders, the price or value of their investment in any Notes and/or the ability of Carrefour Banque to satisfy its obligations under any Notes.

2. Risks related to the structure and characteristics of a particular issue of Notes

(1) Interest Rate Risks

Interest rate risk on Fixed Rate Notes

The Terms and Conditions of the Notes allow the Issuer to issue Notes that pay a fixed rate of interest ("**Fixed Rate Notes**") to Noteholders (see Condition 5(a) (*Interest on Fixed Rate Notes*)). Investment in Notes which bear interest at a fixed rate involves the risk that subsequent changes in market interest rates may adversely affect the market value of the relevant Notes and potentially decrease the yield. As a consequence, the value on transfer of the Notes would be less than it would otherwise have been. The degree to which the market interest rate may vary presents a significant risk to the market value of the Notes if a Noteholder were to dispose of the Notes.

Investors will not be able to calculate in advance the rate of return on Floating Rate Notes

The Terms and Conditions of the Notes allow the Issuer to issue Notes that bear interest at a floating rate of interest ("**Floating Rate Notes**") to Noteholders (see Condition 5(b) (*Interest on Floating Rate Notes*)). A key difference between Floating Rate Notes and Fixed Rate Notes (issued pursuant to Condition 5(a) (*Interest on Fixed Rate Notes*)) is that interest income on Floating Rate Notes cannot be anticipated. The floating rate of interest is comprised of a reference rate and a margin to be added or subtracted, as the case may be, from such base rate. Typically, the relevant margin will not change throughout the life of the Notes but there will be a periodic adjustment (as specified in the relevant Final Terms) of the reference rate (e.g., every three (3) months or six (6) months) which itself will change in accordance with general market conditions.

Accordingly, the market value of Floating Rate Notes may be volatile if changes, particularly short term changes, to market interest rates evidenced by the relevant reference rate can only be reflected in the interest rate of these Notes upon the next periodic adjustment of the relevant reference rate. This stated volatility may have a significant adverse effect on the market value of the Notes.

Therefore, the amount of interest payable by the Issuer may vary and Noteholders may receive no interest. Should the reference rate be at any time negative, it could, notwithstanding the existence of the relevant margin, result in the actual floating rate, consisting of the reference rate and the relevant margin, being lower than the relevant margin, provided that in no event will the relevant interest amount be less than zero. The interest amount payable on any Interest Payment Date may be different from the amount payable on the initial or previous Interest Payment Date and may negatively impact the return under the Notes and result in a reduced market value of the Notes if a Noteholder were to dispose of its Notes.

In addition, a key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Note cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the Terms and Conditions of the Notes, as completed by the relevant Final Terms, provide for frequent interest payment dates, Noteholders are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing.

Fixed/Floating Rate Notes

The Terms and Conditions allow the Issuer to issue Notes with a fixed rate of interest that is later converted to a floating rate of interest and vice versa (see Condition 5(c) (*Fixed/Floating Rate Notes*)). Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert from a fixed rate to a floating rate, or from a floating rate to a fixed rate or (ii) that will automatically change from a fixed rate to a floating rate or from a floating rate to a fixed rate on the date set out in the Final Terms. The Issuer's ability to convert the interest rate will affect the secondary market and the market value of the Notes since the Issuer may be expected to convert the rate when it is likely to produce a lower overall cost of borrowing. If the Issuer converts from a fixed rate to a floating rate, the spread on the Fixed/Floating Rate Notes may be less favourable than then prevailing spreads on comparable Floating Rate Notes tied to the same reference rate. In addition, the new floating rate at any time may be lower than the rates on other Notes. If the Issuer converts from a floating rate to a fixed rate, the fixed rate may be lower than then prevailing rates on its Notes. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant negative effect on the market value of the Notes.

Zero Coupon Notes are subject to higher price fluctuations than non-discounted bonds.

The Terms and Conditions allow the Issuer to issue zero coupon Notes (see Condition 5(d) (*Zero Coupon Notes*)). Changes in market interest rates have a substantially stronger impact on the prices of Zero Coupon Notes than on the prices of ordinary Notes because the discounted issue prices are substantially below par. If market interest rates increase, Zero Coupon Notes can suffer higher price losses than other Notes having the same maturity and credit rating. Due to their leverage effect, Zero Coupon Notes are a type of investment associated with a particularly high price risk. Therefore, in similar market conditions the holders of Zero Coupon Notes could be subject to higher losses on their investments than the holders of other instruments such as Fixed Rate or Floating Rate Notes. It is difficult to anticipate future market volatility in interest rates, but any such volatility may have a significant negative effect on the value of the Notes.

Risks related to the regulation and reform of "benchmarks"

Where, pursuant to Condition 5(b)(iii)(C), the relevant Final Terms for a Series of Floating Rate Notes specify that the Rate of Interest for such Notes will be determined by reference to the Euro Interbank Offered Rate ("**EURIBOR**"), the Constant Maturity Swap rate ("**CMS Rate**") and other indices which are deemed to be "benchmarks", investors should be aware that such "benchmarks" are the subject of recent national, international and

other regulatory guidance and proposals for reform. Some of these reforms are already effective while others are still to be implemented. These reforms may cause such benchmarks to perform differently than in the past, to change their methodology or other terms, to disappear entirely or have other consequences which cannot be predicted. Any such consequences could have a significant adverse effect on the liquidity, market value of and return on any Floating Rate Notes linked to or referencing such a "benchmark". In particular, in 2019 the method of determination of EURIBOR was changed by its administrator, the European Money Markets Institute. Because of the change in method, historical trends with respect to EURIBOR may not be indicative of trends that might apply on the basis of the new determination method.

Regulation (EU) 2016/1011 as amended (the "**EU Benchmarks Regulation**"), among other things, (i) requires benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and (ii) prevents certain uses by EU supervised entities (such as the Issuer) of benchmarks of administrators that are not authorised or registered (or, if non-EU based, not deemed equivalent or recognised or endorsed).

The EU Benchmarks Regulation was amended by Regulation (EU) 2019/2089 of the European Parliament and of the Council of 27 November 2019 and further amended by Regulation (EU) 2021/168 of the European Parliament and of the Council of 10 February 2021 published in the Official Journal of the European Union on 12 February 2021, which has applied since 13 February 2021 and which introduced a harmonised approach to deal with the cessation or wind-down of certain benchmarks (such as EURIBOR and CMS Rate) by conferring the power to designate a statutory replacement for certain benchmarks on the Commission or the relevant national authority, such replacement being limited to contracts and financial instruments (such as certain Notes issued under the Programme) which contain no fallback provisions or no suitable fallback provisions before the date of cessation of the benchmark concerned. For instance, if pursuant to a fallback provision included in Condition 5(c)(iii) (*Rate of Interest for Floating Rate Notes*) a benchmark is replaced by a benchmark which no longer reflects or which significantly diverges from the underlying market or the economic reality that the benchmark in cessation is intended to measure, a statutory replacement of such benchmark may be designated. This replacement could have a negative impact on the value or liquidity of, and return on, certain Notes issued under the Programme linked to or referencing such benchmark and may not operate as intended at the relevant time or may perform differently from the discontinued or otherwise unavailable benchmark. In addition, the transitional provisions applicable to third-country benchmarks are extended until the end of 2023. The Commission is empowered to further extend this period until the end of 2025, if necessary.

Notwithstanding the provisions of Condition 5(b)(iii)(C)(5) (*Benchmark discontinuation*) which seek to offset any adverse effects for the Noteholders, the EU Benchmarks Regulation could have a material impact on the market value and return of any Notes referencing a "benchmark", including in any of the following circumstances:

- (i) an index which is a "benchmark" could not be used by a supervised entity in certain ways if its administrator does not obtain authorisation or registration or, if based in a non-EU jurisdiction, the administrator is not recognised as equivalent or recognised or endorsed and the transitional provisions do not apply; and
- (ii) the methodology or other terms of the relevant "benchmark" could be changed in order to comply with the requirements of the EU Benchmarks Regulation, such changes could, among other things, have the effect of reducing or increasing or otherwise affecting the volatility of the published rate or level of the relevant "benchmark".

More broadly, any of the international, national or other proposals for reform, or the general increased regulatory scrutiny of "benchmarks", could increase the costs and risks of administering or otherwise participating in the setting of a "benchmark" and complying with any such regulations or requirements.

Such factors may have the following effects on certain "benchmarks" (including EURIBOR and CMS Rate): (i) discourage market participants from continuing to administer or contribute to such "benchmarks"; (ii) trigger changes in the rules or methodologies used in certain "benchmarks" or (iii) lead to the disappearance of certain "benchmarks". Any of the above changes or any other consequential changes as a result of international, national or other proposals for reform or other initiatives or investigations, could have a material adverse effect on the value of and return on any Floating Rate Notes linked to a "benchmark".

Investors should be aware that, if a benchmark were discontinued or otherwise unavailable, the rate of interest on Notes which are linked to such benchmark will be determined for the relevant period by the fall-back provisions applicable to such Notes. However, such fallback provisions may be deviated from if deemed unsuitable by the Commission or the relevant national authority, as further explained above. Depending on the manner in which a

benchmark is to be determined under the Terms and Conditions, this may (i) if ISDA Determination or FBF Determination applies pursuant to Condition 5(b)(iii)(A) or Condition 5(b)(iii)(B) respectively, be relying upon the provision by reference banks of offered quotations for the relevant benchmark which, depending on market circumstances, may not be available at the relevant time or (ii) if Screen Rate Determination applies pursuant to Condition 5(b)(iii)(C), result in the effective application of a fixed rate based on the rate which applied for the immediately preceding Interest Period for which the benchmark was available. Any of the foregoing could have a material adverse effect on the market value or liquidity of, and return on, any Notes linked to a "benchmark".

Although EURIBOR has been reformed in order to comply with the terms of the EU Benchmarks Regulation, it remains uncertain as to how long it will continue in its current form, or whether it will be further reformed or replaced with an alternative benchmark.

The occurrence of a Benchmark Event could have a material adverse effect on the value and of the return of any Floating Rate Notes linked to or referencing such "benchmark"

In the case of Screen Rate Determination for Notes linked to or referencing an inter-bank offered rate "benchmark" pursuant to Condition 5(b)(iii)(C), the Terms and Conditions of the Notes at Condition 5(b)(iii)(C)(5) provide for certain fallback arrangements in the event that Screen Rate Determination is specified to be "Applicable" in the relevant Final Terms and a Benchmark Event occurs in relation to the Relevant Rate (which may be an inter-bank offered rate such as EURIBOR and CMS Rate) or other relevant reference rate, and/or any page on which such benchmark may be published, becomes unavailable, or if the Issuer, the Calculation Agent, any Paying Agent or any other party responsible for the calculation of the Rate of Interest (as specified in the relevant Final Terms) are no longer permitted lawfully to calculate interest on any Floating Rate Notes by reference to such benchmark under the EU Benchmarks Regulation or otherwise.

Such fallback arrangements include the possibility that the rate of interest could be set by reference to a Successor Rate or an Alternative Rate (both as defined in Condition 5(b)(iii)(C)(5)), with or without the application of an Adjustment Spread (as defined in Condition 5(b)(iii)(C)(5)), and may include amendments to the Terms and Conditions of the Notes to ensure the proper operation of the Successor Rate or Alternative Rate, all as determined by the Independent Adviser (as defined in Condition 5(b)(iii)(C)(5)).

No consent of the Noteholders shall be required in connection with effecting any Successor Rate or Alternative Rate (as applicable). In addition, no consent of the Noteholders shall be required in connection with any other related adjustments and/or amendments to the Terms and Conditions of the Floating Rate Notes which are made in order to effect any Successor Rate or Alternative Rate (as applicable).

In certain circumstances, and as specified in Condition 5(b)(iii)(C)(3), including (i) where no Successor Rate or Alternative Rate (as applicable) is determined (ii) due to uncertainty relating to the availability of a Successor Rate or Alternative Rate (as the case may be), or (iii) if the Issuer is unable to appoint an Independent Adviser or, if an Independent Adviser is appointed, such Independent Adviser is unable to act, the fallback rules may not apply as expected at the relevant time. In such a scenario, alternative fallback rules may be applied, resulting in the rate of interest for such Interest Period being based on the rate which applied for the immediately preceding Interest Period (as indicated in the relevant Final Terms), as set out in the risk factor entitled "*Risks related to the regulation and reform of "benchmarks"*" above.

It is possible that, in the event that a Benchmark Event occurs, it will take some time before a clear successor rate or alternative rate is established in the market. Accordingly, Condition 5(b)(iii)(C)(5) provides as a further fallback that, following the designation of a Successor Rate or an Alternative Rate, if the Independent Adviser determines that the Successor Rate or Alternative Rate is no longer substantially comparable to the Relevant Rate or does not constitute an industry accepted successor rate, the Issuer shall appoint or re-appoint an Independent Adviser for the purpose of confirming the Successor Rate or Alternative Rate (as applicable) or determining a replacement Successor Rate or Alternative Rate in accordance with Condition 5(b)(iii)(C)(5). If the Independent Adviser is unable to or otherwise does not determine a replacement Successor Rate or Alternative Rate (as applicable), then the previously-designated Successor Rate or Alternative Rate will remain unchanged despite the fact that it may no longer be substantially comparable to the Relevant Rate or that it may no longer constitute an industry accepted rate, which may have a negative effect on the market value and yield of the Notes.

The Successor Rate or Alternative Rate may have no or a very limited trading history and accordingly its general evolution and/or interaction with other relevant market forces or elements may be difficult to determine or measure. In addition, given the uncertainty concerning the availability of successor or alternative rates and the involvement of an Independent Adviser, the relevant fallback provisions may not operate as intended at the relevant time and the Successor Rate or Alternative Rate may perform differently from the discontinued Relevant Rate.

None of the Adjustment Spread applied to any Series of Floating Rate Notes may adequately compensate for this impact. Any such adjustment could have unexpected consequences and due to the particular circumstances of each Noteholder, any such adjustment may be unfavourable to each Noteholder. This could in turn have quite a negative impact on the rate of interest on, and trading value of, the affected Floating Rate Notes. Moreover, any holders of such Floating Rate Notes that enter into hedging instruments based on the Relevant Rate may find their hedges to be ineffective, and they may incur costs in unwinding such hedges and replacing them with instruments tied to the successor or alternative rate.

Any such consequences could have a negative effect on the liquidity and value of, and return on, any such Floating Rate Notes linked to or referencing such "benchmarks" because the occurrence of a Benchmark Event could result in a loss of a portion of the principal amount invested in the relevant Floating Rate Notes.

(2) Early Redemption Risks

Any early redemption at the option of the Issuer, if provided for in any Final Terms for a particular issue of Notes, could cause the yield received by Noteholders to be considerably less than anticipated and the Noteholders may lose part of their investment.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer including a Redemption of Residual Outstanding Notes at the Option of the Issuer as described in Condition 6(e) or a Make-Whole Redemption by the Issuer as described in Condition 6(f).

As a consequence of any such early redemption, the yields received upon redemption may be lower than expected, and the redemption price of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. This could have a significant effect and part of the capital invested by the Noteholder may be lost, so that the Noteholder in such case would not receive the total amount of the capital invested. Furthermore, Noteholders that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes. Should the Notes at such time be trading well above the price set for redemption, the negative impact on the Noteholders' anticipated returns would be significant.

The above factors mean that the very existence of these early redemption options in a particular Series of Notes could limit the market value of such Notes.

In addition, with respect to the Redemption of Residual Outstanding Notes at the Option of the Issuer (Condition 6(e)), there is no obligation on the Issuer to inform investors if and when 75 per cent. or more of original aggregate principal amount of the relevant Series of Notes has been redeemed or is about to be redeemed, and the Issuer's right to redeem will exist notwithstanding that immediately prior to the serving of a notice in respect of the exercise of the Redemption of Residual Outstanding Notes at the Option of the Issuer the Notes may have been trading significantly above par, thus potentially resulting in a loss of capital invested or lower than expected returns.

A partial redemption at the option of the Issuer or the exercise of a Put Option in respect of certain Notes may affect the liquidity of the Notes in respect of which such option is not exercised

Depending on the nominal amount of Notes in respect of which a partial redemption of the Notes at the option of the Issuer provided in Conditions 6(d), 6(e) or 6(f) or at the option of the Noteholders provided in Conditions 6(g) or 6(h) is made, any trading market in respect of those Notes in respect of which such option is not exercised may become less liquid or illiquid which, depending on the extent of the illiquidity, may have a direct and significant impact on any remaining Noteholders seeking to dispose of their Notes. In addition, investors may not be able to reinvest the moneys they receive upon such early redemption in securities with the same yield as the redeemed Notes.

The Notes will be redeemed prior to maturity for taxation reasons.

In the event that pursuant to Condition 8 the Issuer would be obliged to increase the amounts payable in respect of any Notes due to any withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the jurisdiction of the Issuer or a political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, at its option, redeem all outstanding Notes in accordance with Condition 6(c). Such early redemption may adversely affect the holders of the Notes as an investor may be exposed to risks connected to the reinvestment of cash proceeds from the early redemption of their Notes. As a consequence, Noteholders may lose all or part of their investment in the Notes.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions that, subject to completion by the relevant Final Terms, shall be applicable to the Notes.

In the case of Dematerialised Notes, the text of the terms and conditions will not be endorsed on physical documents of title but will be constituted by the following text as completed by the relevant Final Terms. In the case of Materialised Notes, either (i) the full text of these terms and conditions together with the relevant provisions of the Final Terms or (ii) these terms and conditions as so completed (and subject to simplification by the deletion of non-applicable provisions), shall be endorsed on Definitive Materialised Notes. All capitalised terms that are not defined in these Conditions will have the meanings given to them in the relevant Final Terms. References in the Conditions to "Notes" are to the Notes of one Series only, not to all Notes that may be issued under the Programme.

The Notes are issued by Carrefour Banque (the "**Issuer**") in series (each a "**Series**") having one or more issue dates and on terms otherwise identical (or identical other than in respect of the first payment of interest, issue date, issue price and nominal amount of the Tranche), the Notes of each Series being intended to be interchangeable with all other Notes of that Series. Each Series may be issued in tranches (each a "**Tranche**") on the same or different issue dates. The specific terms of each Tranche (which, save in respect of the issue date, issue price, first payment of interest and nominal amount of the Tranche, will be identical to the terms of other Tranches of the same Series) will be set out in the Final Terms of such Tranche (the "**Final Terms**").

The Notes are issued with the benefit of an amended and restated agency agreement dated 15 December 2022, entered into between the Issuer, Société Générale, as fiscal agent and the other agents named in it (the "**Agency Agreement**"). The fiscal agent, the paying agents and the calculation agent(s) for the time being (if any) are referred to below respectively as the "**Fiscal Agent**", the "**Paying Agents**" (which expression shall include the Fiscal Agent) and the "**Calculation Agent(s)**".

For the purpose of these Terms and Conditions, "**Regulated Market**" means any regulated market as defined in the Directive 2014/65/EU on markets in financial instruments, as amended, situated in a Member State of the European Economic Area ("**EEA**") or in the United Kingdom.

References below to "**Conditions**" are, unless the context requires otherwise, to the numbered paragraphs below.

In these Conditions, unless otherwise specified or the context otherwise requires, references below to "**day**" or "**days**" mean a calendar day.

- (iii) *Rate of Interest for Floating Rate Notes:* The Rate of Interest in respect of Floating Rate Notes for each Interest Accrual Period shall be determined in the manner specified in the relevant Final Terms and the provisions below relating to either ISDA Determination, FBF Determination, Screen Rate Determination shall apply, depending upon which is specified in the relevant Final Terms.

(A) ISDA Determination for Floating Rate Notes

Where ISDA Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant ISDA Rate. For the purposes of this sub-paragraph (A), "ISDA Rate" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Swap Transaction under the terms of an agreement incorporating the ISDA Definitions and under which:

- (1) if the Final Terms specify either "2006 ISDA Definitions" or "2021 ISDA Definitions" as the applicable ISDA Definitions:
 - (a) the "Floating Rate Option" is as specified in the relevant Final Terms;
 - (b) the "Designated Maturity" is a period specified in the relevant Final Terms; and
 - (c) the relevant "Reset Date" is the first day of that Interest Accrual Period unless otherwise specified in the relevant Final Terms.
- (2) references in the ISDA Definitions to:
 - (a) "**Confirmation**" shall be references to the relevant Final Terms;
 - (b) "**Calculation Period**" shall be references to the relevant Interest Period;
 - (c) "**Termination Date**" shall be references to the Maturity Date;

 - (b) if the Temporary Non-Publication Fallback in respect of any specified Floating Rate Option is specified to be "Temporary Non-Publication Fallback – Alternative Rate" in the Floating

Rate Matrix of the 2021 ISDA Definitions the reference to "Calculation Agent Alternative Rate Determination" in the definition of "Temporary Non-Publication Fallback – Alternative Rate" shall be replaced by "Temporary Non-Publication Fallback – Previous Day's Rate".

For the purposes of this sub-paragraph (A), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate Option**", "**Designated Maturity**", "**Reset Date**" and "**Swap Transaction**" have the meanings given to those terms in the ISDA Definitions.

(B) FBF Determination for Floating Rate Notes

Where FBF Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Accrual Period shall be determined by the Calculation Agent as a rate equal to the relevant FBF Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any). For the purposes of this sub-paragraph (B), "**FBF Rate**" for an Interest Accrual Period means a rate equal to the Floating Rate that would be determined by the Calculation Agent under a Transaction under the terms of an agreement incorporating the FBF Definitions and under which:

- (1) the Floating Rate is as specified in the relevant Final Terms, and
- (2) the relevant Floating Rate Determination Date (*Date de Détermination du Taux Variable*) is the first (1st) calendar day of that Interest Accrual Period unless otherwise specified in the relevant Final terms.

For the purposes of this sub-paragraph (B), "**Floating Rate**" (*Taux Variable*), "**Calculation Agent**" (*Agent*), "**Floating Rate Determination Date**" (*Date de Détermination du Taux Variable*) and "**Transaction**" (*Transaction*) have the meanings given to those terms in the FBF Definitions. "**FBF Definitions**" means the definitions set out in the 2013 FBF Master Agreement relating to transactions on forward financial instruments and the technical schedules (*additifs techniques*) published from time to time by the FBF, as may be supplemented or amended as at the Issue Date, unless otherwise specified in the relevant Final Terms.

- (1)
 - (a) Where "Screen Rate Determination" is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined and the Reference Rate is specified as being EURIBOR, the Rate of Interest for each Interest Accrual Period will be either:
 - (i) the offered quotation; or
 - (ii) the arithmetic mean of the offered quotations,
(expressed as a percentage rate *per annum*) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page as at the Relevant Screen Page Time on the Interest Determination Date in question as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more

than one such lowest quotation, one only of such quotations) shall be disregarded by the Calculation Agent for the purpose of determining the arithmetic mean of such offered quotations.

- (b) If the Relevant Screen Page is not available or, if sub-paragraph (1)(a)(i) applies and no such offered quotation appears on the Relevant Screen Page, or, if sub-paragraph (1)(a)(ii) applies and fewer than three such offered quotations appear on the Relevant Screen Page, in each case as at the time specified above, subject as provided below, the Calculation Agent shall request each of the Reference Banks to provide the Calculation Agent with its offered quotation (expressed as a percentage rate per annum) for the Reference Rate at the Relevant Screen Page Time on the Interest Determination Date in question. If two or more of the Reference Banks provide the Calculation Agent with such offered quotations, the Rate of Interest for such Interest Accrual Period shall be the arithmetic mean of such offered quotations as determined by the Calculation Agent.
 - (c) If paragraph 1(b) above applies and, if the Relevant Rate is an inter-bank offered rate, the Calculation Agent determines that fewer than two Reference Banks are providing offered quotations, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) as communicated to (and at the request of) the Calculation Agent by the Reference Banks or any two or more of them, at which such banks were offered at the Relevant Screen Page Time on the relevant Interest Determination Date, deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate by leading banks in the Relevant Inter-Bank Market, or, if fewer than two of the Reference Banks provide the Calculation Agent with such offered rates, the offered rate for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, or the arithmetic mean of the offered rates for deposits in the Specified Currency for a period equal to that which would have been used for the Reference Rate, at the Relevant Screen Page Time on the relevant Interest Determination Date, any one or more banks (which bank or banks is or are in the opinion of the Calculation Agent and the Issuer suitable for such purpose) informs the Calculation Agent it is quoting to leading banks in, the Relevant Inter-Bank Market provided that, if the Rate of Interest cannot be determined in accordance with the foregoing provisions of this paragraph, the Rate of Interest shall be determined as at the last preceding Interest Determination Date (though substituting, where a different Margin or Maximum or Minimum Rate of Interest is to be applied to the relevant Interest Accrual Period from that which applied to the last preceding Interest Accrual Period, the Margin or Maximum or Minimum Rate of Interest relating to the relevant Interest Accrual Period, in place of the Margin or Maximum or Minimum Rate of Interest relating to that last preceding Interest Accrual Period).
- (2) Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, and the Reference Rate in respect of the Floating Rate Notes is specified as being CMS Rate, the Rate of Interest for each Interest Accrual Period will, subject as provided below, be determined by the Calculation

Agent on the Interest Determination Date specified in the relevant Final Terms by reference to the following formula:

CMS Rate plus or minus (as indicated in the relevant Final Terms) the Margin (if any)

or by reference to the following combination formula:

$m \times \text{CMS Rate}[\textit{specify maturity}] [+ / - / \times] n \times \text{CMS Rate}[\textit{specify maturity}]$

where each of "m" and "n" means the number specified in the relevant Final Terms.

If the Relevant Screen Page is not available, the Calculation Agent shall request each of the CMS Reference Banks to provide the Calculation Agent with its quotation for the Relevant Swap Rate at approximately the Specified Time on the Interest Determination Date in question. If at least three of the CMS Reference Banks provide the Calculation Agent with such quotations, the CMS Rate for such Interest Accrual Period shall be the arithmetic mean of such quotations (rounded if necessary, to the nearest hundredth of a percentage point, with 0.005 being rounded upwards), eliminating the highest quotation (or, in the event of equality, one of the highest) and the lowest quotation (or, in the event of equality, one of the lowest).

If on any Interest Determination Date, for any reason, the Reference Rate is no longer published or less than three or none of the CMS Reference Banks provides the Calculation Agent with such quotations as provided in the preceding paragraph, the CMS Rate shall be determined by the Calculation Agent on such commercial basis as considered appropriate by the Calculation Agent in its absolute discretion, in accordance with standard market practice.

For the purposes of this sub-paragraph (b):

"CMS Rate" shall mean the applicable swap rate for swap transactions in the Relevant Currency with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page as at the Specified Time on the Interest Determination Date in question, all as determined by the Calculation Agent.

"CMS Reference Banks" means (i) where the Relevant Currency is Euro, the principal office of five leading swap dealers in the Euro-zone inter-bank market, (ii) where the Relevant Currency is Sterling, the principal London office of five leading swap dealers in the London inter-bank market, (iii) where the Relevant Currency is United States dollars, the principal New York City office of five leading swap dealers in the New York City inter-bank market, or (iv) in the case of any other Relevant Currency, the principal relevant financial centre office of five leading swap dealers in the relevant financial centre inter-bank market, in each case selected by the Calculation Agent.

"Designated Maturity" and **"Specified Time"** shall have the meaning given to those terms in the relevant Final Terms.

"Relevant Swap Rate" means:

- (a) where the Relevant Currency is Euro, the mid-market annual swap rate determined on the basis of the arithmetic mean of

the bid and offered rates for the annual fixed leg, calculated on a 30/360 day count basis, of a fixed-for-floating euro interest rate swap transaction with a term equal to the Designated Maturity commencing on the first day of the relevant Interest Accrual Period and in a Representative Amount with an acknowledged dealer of good credit in the swap market, where the floating leg, in each case calculated on an Actual/360 day count basis, is equivalent to EUR-EURIBOR-Reuters (as defined in the ISDA Definitions) with a designated maturity determined by the Calculation Agent by reference to standard market practice and/or the ISDA Definitions; and

- (b) where the Relevant Currency is any other currency of if the Final Terms specify otherwise, the mid-market swap rate as determined in accordance with the relevant Final Terms.

"Representative Amount" means an amount that is representative for a single transaction in the relevant market at the relevant time.

(3) Benchmark discontinuation

Where Screen Rate Determination is specified in the relevant Final Terms as the manner in which the Rate of Interest is to be determined, if a Benchmark Event occurs, then the provisions over other fallbacks specified in Condition 5(b)(iii)(C) shall apply and prevail.

If a Benchmark Event occurs in relation to an Original Reference Rate at any time when the Terms and Conditions of any Notes provide for any rate of interest (or any component part thereof) to be determined by reference to such Original Reference Rate and Screen Rate Determination applies, then the following provisions shall apply and prevail over other fallbacks specified in Condition 5(b)(iii)(C).

(i) Independent Adviser

The Issuer shall use reasonable endeavours to appoint an Independent Adviser, as soon as reasonably practicable, to determine a Successor Rate, failing which an Alternative Rate (in accordance with Condition 5(b)(iii)(C)(5)(ii)) and, in either case, an Adjustment Spread, if any (in accordance with Condition 5(b)(iii)(C)(5)(iii)) and any Benchmark Amendments, if any (in accordance with Condition 5(b)(iii)(C)(5)(iv)).

An Independent Adviser appointed pursuant to this Condition 5(b)(iii)(C)(5) shall act in good faith as an expert and (in the absence of manifest error or fraud) shall have no liability whatsoever to the Issuer, the Fiscal Agent, the Paying Agents, the Calculation Agent or any other party responsible for determining the Rate of Interest specified in the relevant Final Terms, or the Noteholders for any determination made by it pursuant to this Condition 5(b)(iii)(C)(5).

(ii) Successor Rate or Alternative Rate

If the Independent Adviser determines in good faith that:

- (I) there is a Successor Rate, then such Successor Rate shall (subject to adjustment as provided in Condition 5(b)(iii)(C)(5)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future

payments of interest on the Notes (subject to the further operation of this Condition 5(b)(iii)(C)(5); or

- (II) there is no Successor Rate but that there is an Alternative Rate, then such Alternative Rate shall (subject to adjustment as provided in Condition 5(b)(iii)(C)(5)(iii)) subsequently be used in place of the Original Reference Rate to determine the relevant Rate(s) of Interest (or the relevant component part(s) thereof) for all relevant future payments of interest on the Notes (subject to the further operation of this Condition 5(b)(iii)(C)(5)).

(iii) Adjustment Spread

If the Independent Adviser determines in good faith (i) that an Adjustment Spread is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) and (ii) the quantum of, or a formula or methodology for determining, such Adjustment Spread, then such Adjustment Spread shall be applied to the Successor Rate or the Alternative Rate (as the case may be) for each subsequent determination of a relevant Rate of Interest (or a relevant component part thereof) by reference to such Successor Rate or Alternative Rate (as applicable).

For the avoidance of doubt, the determination of any Adjustment Spread by the Independent Adviser (i) shall not affect the application, with respect to a particular Interest Period, of the Margin specified as applicable to such Interest Period in the Final Terms and (ii) shall only be made, in accordance with customary market usage in the international debt capital markets, to reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders.

(iv) Benchmark Amendments

If any Successor Rate, Alternative Rate or Adjustment Spread is determined in accordance with this Condition 5(b)(iii)(C)(5) and the Independent Adviser determines in good faith (A) that amendments to the Terms and Conditions of the Notes (including, without limitation, amendments to the definitions of Day Count Fraction, Business Days or Relevant Screen Page) are strictly necessary to ensure the proper operation of such Successor Rate, Alternative Rate and/or Adjustment Spread (such amendments, the "**Benchmark Amendments**") and (B) the terms of the Benchmark Amendments, then the Issuer shall, subject to giving notice thereof in accordance with Condition 5(b)(iii)(C)(5)(v), without any requirement for the consent or approval of Noteholders, vary the Terms and Conditions of the Notes to give effect to such Benchmark Amendments with effect from the date specified in such notice.

In connection with any such variation in accordance with this Condition 5(b)(iii)(C)(5)(iv), the Issuer shall comply with the rules of any stock exchange on which the Notes are for the time being listed or admitted to trading.

(v) Notices, etc.

The Issuer shall, after receiving such information from the Independent Adviser, notify the Fiscal Agent, the Calculation Agent, the Paying Agents, the Representative (if any) and, in accordance with Condition 14, the Noteholders, promptly of any Successor Rate, Alternative Rate, Adjustment Spread and of the specific terms of any Benchmark Amendments, determined under this Condition 5(b)(iii)(C)(5). Such notice shall be irrevocable and binding and shall specify the effective date of the Benchmark Amendments, if any.

The Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any) specified in such notice will (in the absence of manifest error in the determination of the Successor Rate or Alternative Rate and the Adjustment Spread (if any) and the Benchmark Amendments (if any)) be binding on the Issuer, the Fiscal Agent, the Calculation Agent, the party responsible for determining the Rate of Interest, the Paying Agents and the Noteholders.

(vi) Fallbacks

If, following the occurrence of a Benchmark Event and in relation to the determination of the Rate of Interest on the immediately following Interest Determination Date, no Independent Adviser has been appointed or no Successor Rate or Alternative Rate (as applicable) is determined pursuant to this provision, the Original Reference Rate will continue to apply for the purposes of determining such Rate of Interest on such Interest Determination Date, with the effect that the fallback provisions provided elsewhere in these Terms and Conditions of the Notes will continue to apply to such determination, provided that such fallbacks may in certain circumstances, lead to apply the Rate of Interest determined as at the last preceding Interest Determination Date.

In such circumstances, the Issuer will be entitled (but not obliged), at any time thereafter, to elect to re-apply the provisions of this Condition 5(b)(iii)(C)(5), *mutatis mutandis*, on one or more occasions until a Successor Rate or Alternative Rate (and, if applicable, any associated Adjustment Spread and/or Benchmark Amendments) has been determined and notified in accordance with this Condition 5(b)(iii)(C)(5) (and, until such determination and notification (if any), the fallback provisions provided elsewhere in these Terms and Conditions, including, for the avoidance of doubt, the fallbacks specified in Condition 5(b)(iii)(C), will continue to apply to such determination, provided that such fallbacks may in certain circumstances, lead to apply the Rate of Interest determined as at the last preceding Interest Determination Date.

(vii) Definitions

In this Condition 5(b)(iii)(C)(5):

"Adjustment Spread" means either a spread (which may be positive or negative), or the formula or methodology for calculating a spread, in either case, which the Independent Adviser determines and which is required to be applied to the Successor Rate or the Alternative Rate (as the case may be) to

reduce or eliminate, to the fullest extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the Original Reference Rate with the Successor Rate or the Alternative Rate (as the case may be) and is the spread, formula or methodology which:

- a) in the case of a Successor Rate, is formally recommended, or formally provided as an option for parties to adopt, in relation to the replacement of the Original Reference Rate with the Successor Rate by any Relevant Nominating Body;
- b) in the case of an Alternative Rate (or in the case of a Successor Rate where (a) above does not apply), is in customary market usage in the international debt capital market for transactions which reference the Original Reference Rate, where such rate has been replaced by the Alternative Rate (or, as the case may be, the Successor Rate); or
- c) if no such recommendation or option has been made (or made available), or the Independent Adviser determines there is no such spread, formula or methodology in customary market usage, the Independent Adviser, acting in good faith, determines to be appropriate.

"Alternative Rate" means, in the absence of Successor Rate, an alternative benchmark or screen rate which the Independent Adviser determines in accordance with this Condition 5(b)(iii)(C)(5) and which is customary market usage in the international debt capital markets for the purposes of determining rates of interest (or the relevant component part thereof) for a commensurate interest period (if there is such a customary market usage at such time) and in the same Specified Currency as the Notes.

"Benchmark Event" means, with respect to an Original Reference Rate:

- a) the Original Reference Rate ceasing to exist or be published;
- b) the later of (i) the making of a public statement by the administrator of the Original Reference Rate that it will, on or before a specified date, cease publishing the Original Reference Rate permanently or indefinitely (in circumstances where no successor administrator has been appointed that will continue publication of the Original Reference Rate) and (ii) the date falling six (6) months prior to the date specified in (b)(i);
- c) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate has been permanently or indefinitely discontinued;
- d) the later of (i) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that the Original Reference Rate will, on or before a specified date, be permanently or indefinitely

discontinued and (ii) the date falling six (6) months prior to the date specified in (d)(i);

- e) the making of a public statement by the supervisor of the administrator of the Original Reference Rate that means the Original Reference Rate will be prohibited from being used or that its use will be subject to restrictions or adverse consequences, in each case within the following six (6) months;
- f) it has or will prior to the next Interest Determination Date, become unlawful for the Issuer, the party responsible for determining the Rate of Interest (being the Calculation Agent or such other party specified in the relevant Final Terms, as applicable), or any Paying Agent to calculate any payments due to be made to any Noteholder using the Original Reference Rate (including, without limitation, under the EU Benchmarks Regulation, if applicable); or
- g) that a decision to withdraw the authorisation or registration pursuant to Article 35 of the EU Benchmarks Regulation of any benchmark administrator previously authorised to publish such Original Reference Rate has been adopted.

"EU Benchmarks Regulation" means Regulation (EU) 2016/1011 of 8 June 2016, as amended or supplemented.

"Independent Adviser" means an independent financial institution of international repute or an independent adviser of recognised standing with appropriate expertise, at all times acting in good faith and in a commercially reasonable manner, appointed by the Issuer at its own expense under Condition 5(b)(iii)(C)(5)(i).

"Original Reference Rate" means the benchmark or screen rate (as applicable) originally specified for the purpose of determining the relevant Rate of Interest (or any relevant component part(s) thereof) on the Notes.

"Relevant Nominating Body" means, in respect of a benchmark or screen rate (as applicable):

- a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (i) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (ii) any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable), (iii) a group of the aforementioned central banks or other supervisory authorities or (iv) the Financial Stability Board or any part thereof.

"Successor Rate" means a successor to or replacement of the Original Reference Rate which is formally recommended by any Relevant Nominating Body. If, following a Benchmark

Event, more than one successor or replacement rates are recommended by any Relevant Nominating Body, the Independent Adviser will determine, among those successor or replacement rates, the one which is the most appropriate, taking into consideration, without limitation, the particular features of the relevant Notes.

(D) Linear Interpolation

Where Linear Interpolation is specified in the relevant Final Terms as applicable in respect of an Interest Accrual Period, the Rate of Interest for such Interest Accrual Period shall be calculated by the Calculation Agent by straight line linear interpolation by reference to two rates of interest based on the relevant Reference Rate (where Screen Rate Determination is specified in the relevant Final Terms as applicable; which term shall include, for the purposes of this paragraph, the relevant Alternative Rate or the relevant Successor Rate, to the extent and as applicable) or the relevant Floating Rate (where ISDA Determination or FBF Determination is specified in the relevant Final Terms as applicable), provided that the first rate of interest corresponds to a maturity immediately inferior to the duration of the relevant Interest Period and the second rate corresponds to a maturity immediately superior to the same relevant Interest Period, provided, however, that if no rate is available for a period of time immediately inferior or, as the case may be, immediately superior than the length of the relevant Interest Period, then the Calculation Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

- (c) **Fixed/Floating Rate Notes:** Fixed/Floating Rate Notes may bear interest at a rate (i) that the Issuer may elect to convert on the date set out in the Final Terms from a Fixed Rate to a Floating Rate, or from a Floating Rate to a Fixed Rate or (ii) that will automatically change from a Fixed Rate to a Floating Rate or from a Floating Rate to a Fixed Rate on the date set out in the Final Terms.
- (d) **Zero Coupon Notes:** Where a Note the Interest Basis of which is specified to be Zero Coupon is repayable prior to the Maturity Date and is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(b)(i)).
- (e) **Accrual of Interest:** Interest shall cease to accrue on each Note on the due date for redemption unless, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (both before and after judgement) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (f) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, and Rounding:**
 - (i) If any Margin is specified in the relevant Final Terms (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (b) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin, subject always to the next paragraph.
 - (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Final Terms, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be. The Minimum Rate of Interest shall not be less than zero.
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves

being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes "unit" means the lowest amount of such currency that is available as legal tender in the country/ies of such currency.

- (g) **Calculations:** The amount of interest payable per Specified Denomination in respect of any Note for any Interest Accrual Period shall be equal to the product of the Rate of Interest, the Specified Denomination specified in the relevant Final Terms, and the Day Count Fraction for such Interest Accrual Period, unless an Interest Amount (or a formula for its calculation) is applicable to such Interest Accrual Period, in which case the amount of interest payable per Specified Denomination in respect of such Note for such Interest Accrual Period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable per Specified Denomination in respect of such Interest Period shall be the sum of the Interest Amounts payable in respect of each of those Interest Accrual Periods. In respect of any other period for which interest is required to be calculated, the provisions above shall apply save that the Day Count Fraction shall be for the period for which interest is required to be calculated.
- (h) **Determination and Publication of Rates of Interest, Interest Amounts, Early Redemption Amounts, Optional Redemption Amounts, Make-Whole Redemption Amounts and Instalment Amounts:** The Calculation Agent shall, as soon as practicable on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, determine such rate and calculate the Interest Amounts for the relevant Interest Accrual Period, calculate the Early Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Accrual Period and the relevant Interest Payment Date and, if required to be calculated, the Early Redemption Amount, Optional Redemption Amount, Make-Whole Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are admitted to trading on a stock exchange and the rules applied to such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the second Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(b)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. If the Notes become due and payable under Condition 10, the accrued interest and the Rate of Interest payable in respect of the Notes shall nevertheless continue to be calculated as previously in accordance with this Condition but no publication of the Rate of Interest or the Interest Amount so calculated need be made. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (i) **Definitions:** In these Conditions, unless the context otherwise requires, the following defined terms shall have the meanings set out below:

- (viii) if "**30E/360 (FBF)**" is specified in the relevant Final Terms, in respect of each Interest Period, the fraction whose denominator is 360 and whose numerator is the number of calendar days elapsed during such period, calculated on the basis of a year comprising 12 months of 30 days, subject to the following exception:

if the last calendar day of the Interest Period is the last calendar day of the month of February, the number of calendar days elapsed during such month shall be the actual number of days,

where:

D2 (dd2, mm2, yy2) is the date of the end of the period

the fraction is:

$$\frac{1}{360} \times [(yy2 - yy1) \times 360 + (mm2 - mm1) \times 30 + \text{Min}(dd2, 30) - \text{Min}(dd1, 30)]$$

- (ix) if "**30E/360 (ISDA)**" is specified in the relevant Final Terms, the number of days in the Calculation Period divided by 360, calculated on a formula basis as follows:

(i) *Zero Coupon Notes:*

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, upon redemption of such Note pursuant to Condition 6(c), 6(d), 6(e), 6(g) or 6(h) or upon it becoming due and payable as provided in Condition 10, shall be the **"Amortised Face Amount"** (calculated as provided below) of such Note, unless otherwise specified in the relevant Final Terms.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Face Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate *per annum* (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Final Terms, shall be such rate as would produce an Amortised Face Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(c), 6(d), 6(e), 6(g) or 6(h) or upon it

becoming due and payable as provided in Condition 10 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Face Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Note becomes due and payable were the Relevant Date. The calculation of the Amortised Face Amount in accordance with this sub-paragraph shall continue to be made (both before and after judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(e).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Final Terms.

(ii) *Other Notes:*

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(c), 6(d), 6(e), 6(g) or 6(h) or upon it becoming due and payable as provided in Condition 10, shall be the Final Redemption Amount, unless otherwise specified in the relevant Final Terms.

(c) **Redemption for Taxation Reasons:**

(i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal, interest or other amounts due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Condition 8 below the Issuer may, at its option, on any Interest Payment Date (if this Note is a Floating Rate Note) or, at any time, (if this Note is not a Floating Rate Note), subject to having given not more than 45 nor less than 30 days' prior notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 14 redeem all, but not some only, of the Notes at their Early Redemption Amount (as described in Condition 6(b) above) together with any interest accrued to the date set for redemption provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would on the next payment of principal, interest or other amounts in respect of the Notes be prevented by French law from making payment to the Noteholders or Couponholders of the full amount then due and payable, notwithstanding the undertaking to pay additional amounts contained in Condition 8 below, then the Issuer may forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 14, redeem all, but not some only, of the Notes then outstanding at their Early Redemption Amount together with any interest accrued to the date set for redemption on the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes without withholding or deduction for French taxes.

(d) **Redemption at the Option of the Issuer:** If "Call Option" is specified as being applicable in the relevant Final Terms, the Issuer may, on giving not less than fifteen (15) nor more than thirty (30) days' irrevocable notice to the Noteholders (or such other notice period as may be specified in the relevant Final Terms) redeem, all or, if so provided, some, of the Notes on any Optional Redemption Date (as specified in the relevant Final Terms). Any such redemption of Notes shall be at their Optional Redemption Amount (which may be the Early Redemption Amount (as described in Condition 6(b) above and as specified in the relevant Final Terms) together with interest accrued to the date fixed for redemption. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the Minimum Redemption Amount to be redeemed specified in the relevant Final Terms and no greater than the Maximum Redemption Amount to be redeemed specified in the relevant Final Terms.

- (e) **Redemption of Residual Outstanding Notes at the Option of the Issuer:** If "Redemption of Residual Outstanding Notes at the Option of the Issuer" is specified as being applicable in the relevant Final Terms, the Issuer may, at any time, on giving not less than 30 nor more than 60 days' irrevocable notice to the Noteholders (or such other period as may be specified in the Final Terms), redeem all but not some only of the Notes for the time being outstanding, if, immediately prior to the date that such notice is given, Notes representing an aggregate amount equal to or exceeding 75 per cent. of the aggregate nominal amount of such Series (including, for the avoidance of doubt any Notes which have been consolidated and form a single Series therewith)) shall have been redeemed or purchased (and subsequently cancelled) by the Issuer other than by way of a redemption at the option of the Issuer in accordance with Condition 6(f). Any such redemption shall be at par together with interest accrued to the date fixed for redemption. All Notes in respect of which any such notice is given shall be redeemed, on the date specified in such notice in accordance with this Condition.
- (f) **Make-Whole Redemption by the Issuer:** If "Make-Whole Redemption by the Issuer" is specified as being applicable in the relevant Final Terms, the Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 14 to the Noteholders, have the option to redeem the Notes, in whole or in part, at any time or from time to time, prior to the Relevant Redemption Date (the "**Make-Whole Redemption Date**") at their relevant Make-Whole Redemption Amount.

As used in these Conditions, the "**Make-Whole Redemption Amount**" will be the greater of (x) 100 per cent. of the Principal Amount of such Notes so redeemed and, (y) the sum of the then present values of the remaining scheduled payments of principal and interest on such Notes (determined on the basis of the interest rate applicable to the Notes (not including any interest accrued on the Notes from and including the Issue Date, or as the case may be, the scheduled Interest Payment Date immediately preceding such Make Whole Redemption Date, to but excluding, such Make-Whole Redemption Date)) discounted from the Relevant Redemption Date to the relevant Make-Whole Redemption Date on an annual basis at the Redemption Rate plus a Redemption Margin, plus in each case (x) or (y) above, any interest accrued on the Notes to, but excluding, the Make-Whole Redemption Date.

The Make-Whole Redemption Amount will be calculated by the Calculation Agent on the second business day in London preceding the Make-Whole Redemption Date.

"**Principal Amount**" means the Specified Denomination, subject to any adjustment as described in Condition 6(i) (*Provision relating to partial redemption*) following any partial redemption pursuant to Condition 6(d) (*Redemption at the Option of the Issuer*) and Condition 6(f) (*Make-Whole Redemption by the Issuer*).

The "**Redemption Rate**" is the average of the four (4) quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Security (as specified in the relevant Final Terms) on the fourth business day preceding the Make-Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

"**Reference Dealers**" means each of the four (4) banks selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues or as specified in the relevant Final Terms.

If the Reference Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent at 11.00 a.m. (Central European time (CET)) on the third business day in London preceding the Make-Whole Redemption Date, notified in writing by the Calculation Agent to the Issuer and notified in accordance with Condition 14.

"**Relevant Redemption Date**" means either (i) the Maturity Date or (ii) the Optional Redemption Date if "Call Option" is specified in the relevant Final Terms as being applicable.

"**Similar Security**" means a reference bond or references bonds having an actual or interpolated maturity comparable with the remaining term of the Notes that would be used, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes.

The Redemption Rate will be notified by the Issuer in accordance with Condition 14.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties.

- (g) **Redemption at the Option of Noteholders:** If "Put Option" is specified as being applicable in the relevant Final Terms, the Issuer shall, at the option of any Noteholder, upon such Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Final Terms) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount (which may be the Early Redemption Amount (as described in Condition 6(b) above)) together with interest accrued to the date fixed for redemption.

To exercise such option, the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Notes, have attached to it such Note (together with all unmatured Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Principal Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn (except as provided in the Agency Agreement) without the prior consent of the Issuer.

- (h) **Redemption at the Option of the Noteholders upon a Change of Control:** The holder of each Note will have, if a Change of Control Put Event occurs, the option (a "**Change of Control Put Option**") (unless, prior to the giving of the relevant Change of Control Put Event Notice (as defined below), the Issuer gives not more than 60 nor less than 30 days' prior notice to the Noteholders in accordance with Condition 14 of its intention to redeem the Notes (which notice shall be irrevocable)) to require the Issuer to redeem that Note on the Change of Control Put Date (as defined below) at its principal amount together with interest accrued to (but excluding) the Change of Control Put Date.

A "**Change of Control Put Event**" will be deemed to occur if:

- (i) at any time at least 50 per cent. of the share capital and voting rights of the Issuer is not held by either one or more Carrefour Group Entity or one or more BNPP Group Entity (such event being, a "**Change of Control**"); and
- (ii) on the date (the "**Relevant Announcement Date**") that is the earlier of (1) the date of the first public announcement that the Change of Control has occurred and (2) the date of the earliest Relevant Potential Change of Control Announcement (if any), the Notes carry:
 - (A) an investment grade credit rating (*Baa3/BBB-*, or their respective equivalents, or better) (an "**Investment Grade Rating**"), from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer and such rating is, within the Change of Control Period, either downgraded to a non-investment grade credit rating (*Ba1/BB+*, or their respective equivalents, or worse) (a "**Non-Investment Grade Rating**") or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded or reinstated to an investment grade credit rating by such Rating Agency; or
 - (B) a Non-Investment Grade Rating from any Rating Agency whether provided by such Rating Agency at the invitation of the Issuer and such rating is, within the Change of Control Period, either downgraded by one or more rating categories (for illustration, from *Ba1* to *Ba2* being one rating category, or their respective equivalents, or worse) or withdrawn and is not, within the Change of Control Period, subsequently (in the case of a downgrade) upgraded or reinstated to its earlier credit rating or better by such Rating Agency; or
 - (C) no credit rating and a Negative Rating Event also occurs within the Change of Control Period,

provided that if at the time of the occurrence of the Change of Control the Notes carry a credit rating from more than one Rating Agency, at least one of which is an Investment Grade Rating, then sub-paragraph (A) will apply; and

- (iii) in making any decision to downgrade or withdraw a credit rating pursuant to paragraphs (A) and (B) above or not to award a credit rating which is at least an Investment Grade Rating as described in paragraph (ii) of the definition of Negative Rating Event, the relevant Rating Agency announces publicly or confirms in writing to the Issuer that such decision(s) resulted, in whole or in part, from the occurrence of the Change of Control or the Relevant Potential Change of Control Announcement.

Promptly upon the Issuer becoming aware (i) of any event or circumstance giving rise to a potential Change of Control and/or (ii) that a Change of Control Put Event has occurred, the Issuer shall give notice (a "**Change of Control Put Event Notice**") thereof to the Noteholders in accordance with Condition 14 specifying the relevant event or circumstance and/or, as the case may be, the nature of the Change of Control Put Event and the procedure for exercising the Change of Control Put Option.

To exercise the Change of Control Put Option, the holder of a Note must (i) in the case of Dematerialised Notes transfer or cause to be transferred by its Account Holder its Notes to be so redeemed to the account of the Paying Agent specified in the Change of Control Put Notice for the account of the Issuer or (ii) in the case of Materialised Notes, deposit its Notes with any Paying Agent specified in the Change of Control Put Notice for the account of the Issuer, in each case within the period (the "**Change of Control Put Period**") of 60 days after a Change of Control Put Event Notice is given, accompanied by a duly signed and completed notice of exercise in the form (for the time being current) obtainable from the specified office of any Paying Agent (a "**Change of Control Put Notice**") and in which the holder may specify a bank account to which payment is to be made under this Condition 6(h). A Change of Control Put Notice, once given, shall be irrevocable.

The Issuer shall redeem the Notes in respect of which the Change of Control Put Option has been exercised as provided above, and subject to the transfer or deposit of such Notes as described above on the date which is the seventh day following the end of the Change of Control Put Period (the "**Change of Control Put Date**"). Payment in respect of any Note so transferred or deposited will be made to each relevant holder in Euro in accordance with Condition 7 on the Change of Control Put Date.

If the rating designations employed by any of Moody's, Fitch or S&P are changed from those which are described in paragraph (ii) of the definition of "Change of Control Put Event" above, or if a rating is procured from a Substitute Rating Agency, the Issuer shall determine, the rating designations of Moody's, Fitch or S&P or such Substitute Rating Agency (as appropriate) as are most equivalent to the prior rating designations of Moody's, Fitch or S&P and this Condition 6(h) shall be construed accordingly.

In this Condition 6(h):

"**BNPP Group Entity**" means BNP Paribas Personal Finance S.A. and/or BNP Paribas and/or any company or other legal entity directly or indirectly owned or controlled by BNP Paribas Personal Finance S.A. or BNP Paribas;

"**Carrefour Group Entity**" means Carrefour and/or any company or other legal entity directly or indirectly owned or controlled by Carrefour;

"**Change of Control Period**" means the period commencing on the Relevant Announcement Date and ending 90 days after the Change of Control;

"**control**" or "**controlled**" has the meaning given to it in the definition of Subsidiary in Condition 4;

a "**Negative Rating Event**" shall be deemed to have occurred if at such time as there is no rating assigned to the Notes by a Rating Agency (i) the Issuer does not, either prior to, or not later than 21 days after, the occurrence of the Change of Control seek, and thereafter throughout the Change of Control Period use all reasonable endeavours to obtain, a rating of the Notes, or any other unsecured and unsubordinated debt of the Issuer or (ii) if the Issuer does so seek and use such endeavours, it is unable to obtain such a rating which is at least an Investment Grade Rating by the end of the Change of Control Period;

"Rating Agency" means Moody's Investors Service, Inc. ("**Moody's**"), Fitch Ratings Ltd. ("**Fitch**") or S&P Global Ratings Europe Limited ("**S&P**") or any of their respective successors or any rating agency (a "**Substitute Rating Agency**") substituted for any of them by the Issuer from time to time; and

"Relevant Potential Change of Control Announcement" means any public announcement or statement by the Issuer, any actual or potential bidder or any adviser acting on behalf of any actual or potential bidder relating to any potential Change of Control where within 180 days following the date of such announcement or statement, a Change of Control occurs.

- (i) **Provision relating to partial redemption:** In the case of a partial redemption in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and requirements of the Regulated Market on which the Notes are listed and/or admitted to trading, as the case may be. In the case of a partial redemption in respect of Dematerialised Notes, the redemption will be effected by reducing the nominal amount of all such Dematerialised Notes in proportion to the aggregate nominal amount redeemed.
- (j) **Purchases:** The Issuer and any of its Subsidiaries may at any time purchase Notes (provided that all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market (including by tender offer) or otherwise at any price. All Notes so purchased by the Issuer may be held and resold in accordance with applicable laws and regulations.
- (k) **Cancellation:** All Notes purchased by or on behalf of the Issuer may, at its sole option, be held or cancelled in accordance with applicable laws and regulations. Notes will be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Notes in question together with all unmatured Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged. To the extent that the Notes are listed and admitted to trading on Euronext Paris, the Issuer will inform Euronext about such cancellation.

7. Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest in respect of Dematerialised Notes shall, in the case of Dematerialised Notes in bearer dematerialised form or administered registered form, be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, in the case of Dematerialised Notes in fully registered form, to an account denominated in the relevant currency with a Bank designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Notes:** Payments of principal and interest in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the holder, by transfer to an account denominated in such currency with, a bank in the principal financial centre for such currency or, in the case of euro, in a city in which banks have access to the TARGET System.

- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in any jurisdiction (whether by operation of law or agreement of the Issuer or its Agents) and the Issuer will not be liable for any taxes or duties of whatever nature imposed or levied by such laws, regulations, directives or agreements, but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents and the Calculation Agent initially appointed by the Issuer and their respective specified offices are listed at the end of this Base Prospectus. The Fiscal Agent, the Paying Agents and the Registration Agent act solely as agents of the Issuer and, in each such case, do not assume any obligation or relationship of agency or trust for or with any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of the Fiscal Agent, any other Paying Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are admitted to trading on Euronext Paris and in such other city so long as the Notes are admitted to trading on any other Regulated Market), (iv) in the case of Dematerialised Notes in fully registered form, a Registration Agent and (v) such other agents as may be required by any other Stock Exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 14 below.

- (f) **Unmatured Coupons and Receipts and unexchanged Talons:**
 - (i) Unless Materialised Notes provide that the relevant Coupons are to become void upon the due date for redemption of those Notes, Materialised Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or Make-Whole Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 9).
 - (ii) If Materialised Notes so provide, upon the due date for redemption of any such Materialised Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
 - (iii) Upon the due date for redemption of any Materialised Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

- (iv) Where any Materialised Note that provides that the relative unmatured Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmatured Coupons, and where any Materialised Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.
- (v) If the due date for redemption of any Materialised Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Note. Interest accrued on a Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Definitive Materialised Note.
- (vi) The provisions of paragraph (i) of this Condition 7(f) notwithstanding, if any Note should be issued with a maturity date and Interest Rate or Rates such that, on the presentation for payment of any such Notes without all unmatured Coupons attached thereto or surrendered therewith, the amount required by such paragraph (i) to be deducted in respect of such missing unmatured Coupons would be greater than the Redemption Amount otherwise due for payment, then, upon the due date for redemption of any such Note, such missing unmatured Coupons shall become void (and no payment shall be made in respect thereof) as shall be required so that, upon application of such paragraph (i) in respect of such Coupons as have not so become void, the amount required by such paragraph (i) to be deducted would not be greater than the Final Redemption Amount, Early Redemption Amount, Optional Redemption Amount or the Make-Whole Redemption Amount, as the case may be, otherwise due for payment (or, in the case of payment not being made in full, that proportion of the amount of such missing unmatured Coupons that the sum of principal so paid bears to the total principal due). Where the application of the foregoing sentence requires some but not all of such missing unmatured Coupons relating to a Note to become void, the relevant Paying Agent shall determine which missing unmatured Coupons (or proportion thereof) are to become void, and shall select for such purpose Coupons maturing on later dates in preference to Coupons maturing on earlier dates.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 9).
- (h) **Non-Business Days:** If any date for payment in respect of any Note or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, "**business day**" means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, (B) on which banks and foreign exchange markets are open for business in such jurisdictions as shall be specified as "**Financial Centres**" in the relevant Final Terms and (C) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

8. Taxation

- (a) **Withholding Tax:** All payments of interest and other revenues by or on behalf of the Issuer in respect of the Notes and the Coupons shall be made free and clear of, and without withholding or deduction for, any taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or within France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

- (b) **Additional Amounts:** If French law should require that payments of principal, interest or other revenues by or on behalf of the Issuer in respect of any Note or Coupon be subject to deduction or withholding in respect of any taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as may be necessary in order that the Noteholders or the Couponholders, after deduction or withholding of such taxes or duties, will receive the full amount then expressed to be due and payable; provided, however, that no such additional amounts shall be payable with respect to any Note or Coupon:
 - (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note or Coupon; or
 - (ii) **Presentation more than 30 days after the Relevant Date:** in the case of Materialised Notes, more than 30 days after the Relevant Date except to the extent that the Noteholder or the Couponholder, as the case may be, would have been entitled to such additional amounts on presenting it for payment on or before the thirtieth (30th) such calendar day of such time period.

As used in these Conditions, "**Relevant Date**" in respect of any Coupon means the date on which payment in respect of it first becomes due or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation.

References in these Conditions to "**interest**" and/or "**other revenues**" shall be deemed to include all Interest Amounts and all other amounts payable pursuant to Condition 5 or any amendment or supplement to it.

- (c) **FATCA Withholding:** The Issuer shall be permitted to withhold or deduct any amounts required by the rules of U.S. Internal Revenue Code of 1986, as amended, Sections 1471 through 1474, pursuant to any inter-governmental agreement, or implementing legislation adopted by another jurisdiction in connection with those provisions, or pursuant to any agreement with the U.S. Internal Revenue Service ("**FATCA withholding**") as a result of the Noteholder, beneficial owner or an intermediary (that is not an agent of the Issuer) not being entitled to receive payments free of FATCA withholding. The Issuer shall not be liable for, or otherwise obliged to pay, any FATCA withholding deducted or withheld by the Issuer, any paying agent or any other party.

9. Prescription

Claims against the Issuer for payment in respect of the Notes and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within ten (10) years (in the case of principal) or five (5) years (in the case of interest) from the appropriate Relevant Date in respect of them.

10. Events of Default

If any of the following events ("**Events of Default**") occurs and is continuing, the Representative (as defined in Condition 11), upon request of any Noteholder, may give written notice to the Issuer and the Fiscal Agent at its specified office that the Notes of such Noteholder are immediately repayable, whereupon the Early Redemption Amount of such Notes together with accrued interest to the date of payment shall become immediately due and payable, unless such Event of Default shall have been remedied prior to the receipt of such notice by the Issuer and the Fiscal Agent:

- (a) the Issuer fails to pay the principal of or any interest on any of the Notes when due and such failure continues for a period of 15 days; or
- (b) the Issuer does not perform or does not comply with any one or more of its other obligations under the Notes which default is incapable of remedy or, if capable of remedy, is not remedied within 30

days after notice of such default shall have been given to the Fiscal Agent at its specified office by any Noteholder; or

11. Representation of Noteholders

The Noteholders will, in respect of all Tranches of the relevant Series, be grouped automatically for the defence of their common interests in a masse (the "**Masse**") which will be governed by the provisions of Articles L.228-46 *et seq.* of the French *Code de commerce* as amended by this Condition 11.

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which may accrue with respect to the Notes, without prejudice to the rights that Noteholders may exercise individually in accordance with, and subject to, the provisions of the terms and conditions of the Notes.

(a) Legal Personality of the Masse

The Masse will be a separate legal entity and will act in part through a representative (the "**Representative**") and in part through collective decisions of the Noteholders (the "**Collective Decisions**").

(b) **Representative**

The names and addresses of the Representative and its alternate (if any), will be set out in the relevant Final Terms. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all subsequent Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Final Terms. No additional remuneration is payable in relation to any subsequent Tranche of any given Series.

In the event of death, liquidation, retirement, resignation or revocation of appointment of the Representative, such Representative will be replaced by its alternate, if any. Another Representative may be appointed. Collective Decisions in relation to the appointment or replacement of the Representative shall be published in accordance with paragraph 11(j).

All interested parties will at all times have the right to obtain the names and addresses of the Representative and the alternate Representative (if any) at the head office of the Issuer.

(c) **Powers of Representative**

The Representative shall (in the absence of any Collective Decision to the contrary) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders, with the capacity to delegate its powers.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

(d) **Collective Decisions**

Collective Decisions are adopted either (i) in a general meeting (the "**General Meetings**"), or (ii) by unanimous consent of the Noteholders following a written consultation (the "**Written Unanimous Decisions**"), or (iii) by the consent of one or more Noteholders holding together at least 75 per cent. of the principal amount of the Notes outstanding, following a written consultation (the "**Written Majority Decisions**", and together with the Written Unanimous Decisions, the "**Written Decisions**").

In accordance with Article R. 228-71 of the French *Code de commerce*, the rights of each Noteholder to participate in Collective Decisions will be evidenced by the entries in the books of the relevant Account Holder or the Issuer or the Registration Agent (as the case may be) of the name of such Noteholder as of 0:00 Paris time, on the second (2nd) business day in Paris preceding the date set for the Collective Decision.

If such General Meeting has not been called within two (2) months after such demand, the Noteholders may commission one of them to petition the competent court to appoint an agent (*mandataire*) who will call the General Meeting.

The General Meeting is chaired by the Representative. In the event of the absence of a representative at the start of a General Meeting and if no Noteholder is present or represented at the General Meeting, the Issuer may, notwithstanding the provisions of Article L.228-64 of the French *Code de commerce*, designate a provisional chairman until a new Representative has been appointed.

Notices seeking the approval of a Written Majority Decision, which shall include the text of the proposed resolutions together with any report thereon, will be published as provided under paragraph 11(j) no less than fifteen (15) calendar days prior to the date fixed for the passing of such Written Majority Decision (the "**Written Majority Decision Date**"). Notices seeking the approval of a Written Majority Decision will contain the conditions of form and time limits to be complied with by the Noteholders who wish to express their approval or rejection of such proposed Written Majority Decision. Approval of a Written Majority Decision may also be given by Electronic Consent. Any Written Majority Decision shall, for all purposes, have the same effect as a resolution passed at a General Meeting of the Noteholders. Such Written Majority Decisions may be contained in one document, or in several documents in like form each signed by or on one behalf of one or more of the Noteholders, and shall be published in accordance with paragraph 11(j).

(g) **Exclusion of certain provisions of the French *Code de commerce***

(j) **Sole Noteholder**

If and for so long as the Notes of any Series are held by a sole Noteholder and unless a Representative has been appointed in relation to such Series, such Noteholder shall exercise all powers, rights and obligations entrusted to the Masse by the provisions of the French *Code de commerce*. The Issuer shall hold a register of the decisions taken by the sole Noteholder in this capacity and shall make it available, upon request, to any subsequent holder of any of the Notes of such Series.

If the Masse does not approve the merger or spin-off proposal, any decision to proceed with the transaction will be notified to Noteholders in accordance with paragraph 11(k) above.

As at 31 December 2021, the Issuer had a share capital of EUR 101,346,956.72 represented by 6,614,184 fully paid up ordinary shares of the same category, each with a par value of EUR 15.32. The shares are in registered form (*au nominatif*). The Issuer was registered and incorporated under the name of Société des Paiements Pass on 26 January 1983 and its incorporation will expire on 11 June 2077, unless extended or earlier terminated. The Issuer changed its name to Carrefour Banque on 27 December 2010. Its registered office is at ZAE Saint Guénault, 1 Rue Jean Mermoz 91000 Evry Courcouronnes, France and its telephone number is +33 (0)1 60 76 48 48. Any historical financial information, including financial statements in respect of the Issuer, whether non-consolidated or consolidated, which are incorporated by reference in this Base Prospectus and the articles of association (*Statuts*) of the Issuer may be inspected and are available at the Issuer's registered office and are also available on the website of the Issuer (www.carrefour-banque.fr/societe). The up-to-date version of the articles of association (*Statuts*) of the Issuer as at 29 May 2020 has been registered with *Registre du Commerce et des Sociétés* of Evry on 7 September 2020.

The corporate purpose of the Issuer specified in Article 3 of its articles of association (*Statuts*) is to carry out credit operations (*les opérations de crédit*), distribute products to customers (*la mise à disposition de la clientèle (émetteur de cartes bancaires)*), manage savings in the form of life assurance or UCITS (Undertakings for Collective Investment in Transferable Securities) assets (*gestion d'épargne sous le format Assurance Vie ou encours gérés sous mandat via des organismes de placement collectif en valeurs mobilières*), carry out insurance brokerage, in particular, life assurance (*le courtage en assurances, notamment le courtage d'assurance vie*), investment services (*les services d'investissement*) and more generally to carry out services and any type of related banking and economic, legal, civil, commercial or financial transactions, which can be connected, directly or indirectly, to the abovementioned corporate purpose or are likely to facilitate its development.

BUSINESS STRATEGY

Carrefour Banque's objective is to develop the distribution of financial products to individual clients using various methods of distribution (financial services stands in Carrefour hypermarkets, the internet and telephone sales), discounts and advantages through the *Fidélité Carrefour* programme and multichannel marketing.

Since its incorporation, the values of Carrefour Banque have been aligned to those of Carrefour, with the aim of offering the best financial products and services to the largest number of customers at the most competitive prices. Carrefour Banque has focused on the accessibility of its offers by installing 175 financial services stands, one in each Carrefour hypermarket in France and establishing an integrated website and call centre which enables Carrefour Banque to capture customers in the hypermarkets as well as externally via the website and mailing. This development has been strengthened by the marketing of the MasterCard (more fully described in the "Credit Activity" section below).

Carrefour Banque has developed a responsible approach to commercialising its banking activities, by seeking to reduce the risks of over-indebtedness by means of appropriate credit scoring of its customers. Carrefour Banque is in favour of the proposed adoption of a national register of loans to individuals in France.

Carrefour Banque's commercial policies are aligned with those of Carrefour and the development of Carrefour Banque's activity is an integral part of the strategy of Carrefour; however, Carrefour Banque has full autonomy in making all lending decisions. Carrefour Banque is a self-standing business which aims to leverage its existing relationship with Carrefour by offering Carrefour clients payment cards and financial solutions, whilst at the same time creating its own business network for the distribution of its products through internet and telephone sales.

Carrefour Banque's growth strategy was put in place in 2009 with the preparation of a significant group re-organisation which took effect on 1 May 2010. The aim of this re-organisation was to extend Carrefour Banque's business geographically and to create a unique banking and insurance distribution network. The project transformed Carrefour Banque's business into a business in its own right within the group of companies comprising Carrefour and its subsidiaries (the "**Carrefour Group**") and, since 2010, has led to a progressive geographic expansion across

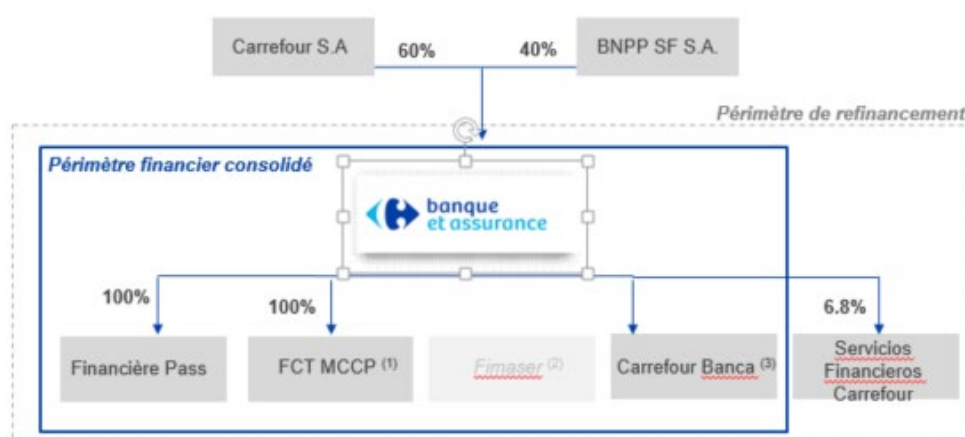

Belgium and Spain.

In the context of Carrefour's "2022 Transformation Plan", Carrefour Banque had refocused its strategy on consumer credit. However, since then, Carrefour Banque decided to extend its strategy and diversify the products it offers, by developing insurance products (to people or goods), personal loans and savings products (in the form of life assurance products). This broader strategy should bring Carrefour Banque back more in line with its previous business model. On 9 September 2019, Carrefour Banque launched a 'new' Pass card accompanied by an offer of 15% on the loyalty bonuses at Carrefour and a Win Pass (market place) programme with a wider offering. The retail coverage is being reinforced via its progressive commercialisation in more than 390 integrated Carrefour Market sites.

Shareholders

The shareholders of the Issuer as at the date of this Base Prospectus are Carrefour, which directly holds 60% of the shares, and BNP Paribas Personal Finance S.A., which directly holds 40% of the shares.

BUSINESS OVERVIEW

Carrefour Banque was incorporated on 26 January 1983 and has been the banking subsidiary of the Carrefour Group for almost 37 years. Initially Carrefour Banque managed the promotion, commercialisation, and flow of funds for the PASS payment cards, and then progressively extended its financial services offer to include loans (1987), savings (1991), payment cards (2003), a range of debt consolidation products (2008) and current accounts with C-zam (2017).

In July 2009, Standard and Poor's granted its first rating to Carrefour Banque ("A" long-term rating and "A-1" short-term rating). On 8 September 2022, S&P has assigned to the Issuer a long-term credit rating of "BBB". At the same time, S&P reaffirmed its short-term credit rating on the bank "A-2". The outlook remains negative. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by Standard and Poor's.

In 2010, Carrefour Banque participated in the re-organisation of Carrefour's banking services. As part of the re-organisation, Carrefour Banque purchased Carrefour Servizi Finanziari Spa ("**CSF**"), a financial company that engages in credit activities in the form of revolving and redeemable credit. CSF subsequently changed its name to Carrefour Banca and on 1 October 2011 merged into Carrefour Banque.

The implementation of the group re-organisation impacted the integrated financial services and insurance stands in Carrefour Group hypermarkets in France, call centres and the Carrefour Banque website. The aim of this group re-organisation was to increase overall activity, to increase distribution of insurance products and to reduce costs by pooling together teams within the Carrefour Group network.

Since the re-organisation, Carrefour Banque has directly managed its own commercial network. The employees working on the financial stands at the hypermarkets are now direct employees of Carrefour Banque (rather than of Carrefour Group). The stands themselves are now the property of Carrefour Banque.

The Issuer had 889 employees in France as at 31 December 2021. Carrefour Banque operates 175 bank branches in hypermarkets.

The Issuer operated mainly within the French and Belgian markets until December 2021. As mentioned above, the Issuer held 99.98% until 27 December 2021 of Fimaser, its subsidiary registered in Belgium and operates in Spain through Servicios Financieros Carrefour ("**SFC**"), of which it holds 6.797%. Moreover, there are no activities engaged through Carrefour Banca following the decision taken by the Issuer to discontinue its activities. However, Carrefour Banca has not been yet dissolved.

From an organisational perspective, Carrefour Banque is transforming itself, along with Carrefour, and is putting in place service centres.

Carrefour Banque financial services which include loans, savings, payment cards and a range of debt consolidation products have been integrated into the Carrefour shopping centers' services division. The aim is to capture business potential through better visibility with two new types of branches implementation:

- Single services division implementation for 138 branches; and
- Double implementation for 37 branches to reinforce the existing commercial dynamics of the branches and to optimise the synergy with the Carrefour Hypermarket Services division. In this organisation, the Issuer's employees are present in part in physical branches and, in part in the Carrefour service division.

PRINCIPAL ACTIVITIES

Carrefour Banque has developed the following products which it distributes to its customers through various channels, in particular, Carrefour Group hypermarkets (specifically at the financial services stands), telephone sales and via the internet:

1. Credit Activity

One of Carrefour Banque's principal aims is to offer to its customers (i) consumer payment methods and (ii) a range of accessible credit solutions at competitive prices.

(a) Payment Methods

Carrefour Banque is an issuer of MasterCards held by about 1.8 million card Pass holders as at 31 December 2021. The MasterCard which it issues is an international bank card that caters for payments that are made at Carrefour Group stores and websites for their products and services or externally for products and services of other retailers. The MasterCard comes with innovative features and payment facilities, such as payments in three instalments without interest, contact free payments for all purchases less than or equal to EUR 30 or EUR 50 (depending if they are made inside or outside Carrefour stores) and the choice of cash payment or credit. This card also benefits from a number of advantages including an extension of the manufacturer's warranty and insurance against theft or breakage, Carrefour's loyalty benefits and the guarantee of assistance and insurance provided by MasterCard. Carrefour Banque earns income from the MasterCard by receiving commissions and annual fees.

Carrefour Banque manages the promotion and commercialisation of the MasterCard as well as the transactions which take place using the card.

(b) Credit Solutions

The credit solutions offered by Carrefour Banque are developed around three principal types of credit:

- (i) Revolving credit is linked to the use of the MasterCard as described in (i) above. A MasterCard holder has a specific amount of credit authorised for MasterCard purchases or the MasterCard holder can request that the amount of credit be credited to a bank account of his choice. When an amount is repaid, the customer can re-use his available credit within the limit previously set by Carrefour Banque. Revolving credit represented 46% of the total credit portfolio as at 31 December 2021 compared with 40% of the total credit portfolio as at 31 December 2020.
- (ii) Personal loans have been provided to customers of Carrefour Banque since 1987 to finance a variety of purchases made by its customers, such as home improvements and car purchases. Financial Covenants in Carrefour Banque's Syndicated Loan Agreements

The following are extracts from the financial covenants in Carrefour Banque's loan agreements (syndicated and bilateral), including its syndicated loan agreement from July 2019 as renegotiated on 6 October 2021. The defined terms used in these extracts are set out in such loan agreements:

1. "We confirm that:

- (a) as at the date at which the Consolidated Annual Financial Statements provided with this Compliance Certificate are drawn up the European solvency ratio of the Borrower is equal to [●]; and
- (b) as at the date at which the Consolidated Annual Financial Statements and the annual financial statements of the Subsidiaries of the Borrower having credit activities only are drawn up (in respect of (i) below) or as at the date of the Consolidated Annual Financial Statements (in respect of (ii) below) provided with this Compliance Certificate and the date of this Compliance Certificate:
 - (i) the sum of (i) the aggregate amount of outstanding Client Receivables, and (ii) the aggregate amount of outstanding of Loans Receivables, is greater than or equal to [●] ([●]), such undertaking to be tested by reference to (A) the Consolidated Annual Financial Statements, or (B) the consolidated semi-annual financial statements of the Borrower, and
 - (ii) $[X / Y] \geq 1$.

For the purposes of this paragraph (ii), we set out below calculations establishing the above ratio:

X means the sum of:

- (A) the amount of loans granted to and receivables against credit institutions (*Prêts et créances sur établissement de crédit et assimilés au coût amorti*), as such amount appears in the Financial Statements as a balance sheet asset under the line "Loans" (*Prêts*) only, and excluding for the avoidance of doubt the amount corresponding to current accounts (*comptes à vue*), and
- (B) the amount of loans granted to and receivables against clients (*Prêts et créances sur la clientèle au coût amorti*), as such amount appears in the Financial Statements as a balance sheet asset;
- (C) the amount of financial client receivables, as such amount is shown on the line "*Prêts et créances sur la clientèle financière*";

Y means the net financial debt, equal to the aggregate of:

- (A) the amount owed to credit institutions (*Dettes envers les établissements de crédit et assimilés*), as such amount appears in the Financial Statements as a balance sheet liability, *plus*
- (B) the amount of debt securities (*Dettes représentées par un titre*), as such amount appears in the Financial Statements as a balance sheet liability, *plus*

- (C) the amount of ordinary accounts in credit (*Comptes ordinaires créditeurs*), as such amount appears in the Financial Statements as a balance sheet liability, *less*
- (D) the amount of cash accounts, accounts with central banks, and post office accounts (*Caisse, banque centrales CCP*), as such amount appears in the Financial Statements as a balance sheet asset, *less*
- (E) the amount of loans granted to and receivables against credit institutions (*Prêts et créances sur établissement de crédit et assimilés au coût amorti*), as such amount appears in the Financial Statements as a balance sheet asset under the line "Current accounts" (*comptes à vue*) only, and excluding for the avoidance of doubt the amount corresponding to loans (*Prêts*),

it being specified that the ratios and accounting terms set out in paragraphs (a), (b) and (c) above have been determined on the basis of accounting methods current as at 11 July 2019, and that should these accounting methods be modified, the elements on which these ratios and accounting terms are calculated must be determined, for the purpose of this paragraph, on the basis of the accounting methods current as at the date of the modification."

Capital Adequacy

The European solvency ratio of Carrefour Banque (Basel III) stood at 15.66% as at 31 December 2021. 100% of Carrefour Banque's regulatory capital qualifies as common equity Tier 1 capital as of the date of this Base Prospectus.

Risk Management

Carrefour Banque has categorised its risk as follows:

- Granting Credit - Before Carrefour Banque grants credit, it conducts searches on a future customer's solvency by way of "credit scoring", a proprietary expert system provided by BNP Paribas Personal Finance S.A. that analyses customer profiles. Carrefour Banque will also conduct searches on a future customer's paychecks and identification. In order to cover the risk of a future customer's inability to repay credit, Carrefour Banque offers its customers life insurance/unemployment insurance at the outset, to which 73% of its customers subscribe.
- Debt Recovery - If a Carrefour Banque customer runs into difficulty repaying his debt, Carrefour Banque will commence its debt recovery procedure. For the first missed repayment, Carrefour Banque will automatically send a letter to its customer notifying the customer of such missed repayment. For the second missed repayment, Carrefour Banque will notify its debt recovery team and request that they contact the customer via telephone to discuss repayment options. If after six months the customer has not resolved the missed payments, a default is triggered on the credit and Carrefour Banque will commence legal proceedings against the customer via its legal team (Neuilly Contentieux, Contentia and Nemo) which is shared with BNP Paribas Personal Finance S.A.
- General Risk Analysis - For each customer to whom it grants credit, Carrefour Banque will constantly monitor the repayments made in order to ascertain if such customer's profile is sound.

Carrefour Banque's risk committee seeks to balance the overall business strategy of Carrefour Banque with the level of risk Carrefour Banque is prepared to take. The risk committee aims to identify and categorise risks and ensure that policies and procedures are implemented to control such risks. The committee analyses possible economic trends and risks and considers the potential impact on business. This committee is chaired by the Finance Director. There is also a separate risk committee which is partnered with BNP Paribas Personal Finance S.A.

Interest rate risk is reduced according to the following prudential approach, with the main aim being to protect the financial margin against a variation in interest rates:

- Personal loan coverage: Personal loans are in the form of fixed rate loans, the interest rates are calculated at a fixed rate for the duration of the loan and Carrefour Banque has interest rate swaps in place in order to maintain the financial margin during the course of the loan.

- Revolving coverage: each month Carrefour Banque calculates its interest rate costs on the total amount of credit outstanding, its rate expectations for the months ahead and Carrefour Banque's ability to charge back any rate increases to its customers. The minimum percentage of Carrefour Banque's interest rate coverage is contained in Carrefour Banque's financial charter.

There are three main committees that exist to deal with liquidity and interest rate risk: (i) the risk committee held with Carrefour, (ii) a G4 committee which meets 3 times a year and (iii) a monthly treasury committee at Carrefour Banque. The aim of these committees is to discuss the management of liquidity risk, interest rate risk, counterparty risk and cash flow management.

Carrefour Banque has put in place a new provisioning system which is inspired by the best market practice following recent evolutions in the regulation governing over-indebtedness in France. The system should now be more robust in the years to come.

⁶ This disclosure should reflect the rating allocated to Notes of the type being issued under the Programme generally or, where the issue has been specifically rated, this rating.

⁷ It is important to liaise with the Issuer and/or the relevant credit rating agencies to determine (i) the specific legal entity which will issue the credit ratings and (ii) the status of any application which has been made to the relevant competent authority by that entity. It is recommended that these enquiries are made at an early stage to allow sufficient time for the information to be obtained.

SUBSCRIPTION AND SALE

Subject to the terms and on the conditions contained in an amended and restated dealer agreement dated 15 December 2022 (the "**Dealer Agreement**") between the Issuer and Société Générale as Arranger and Permanent Dealer, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealer. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not the Permanent Dealer. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

General restrictions

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Base Prospectus or any other offering material or any Final Terms, in any country or jurisdiction where action for that purpose is required.

The Permanent Dealer has agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its possession or distributes the Base Prospectus, any other offering material or any Final Terms and neither the Issuer nor any other Dealer shall have responsibility therefor.

United States

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from, or in certain transactions not subject to, the registration requirements of the Securities Act. The Notes are being offered and sold outside the United States in offshore transactions to non-U.S. persons in reliance on Regulation S. Terms used in this paragraph have the meanings given to them by Regulation S.

Materialised Notes will be issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(D) or any successor regulation issued under the U.S. Internal Revenue Code of 1986, as amended (the "**I.R. Code**"), section 4701(b) that contains rules identical to the rules that currently apply under Code section 163(f)(2)(B) (the "**D Rules**") unless (i) the relevant Final Terms states that such Materialised Notes are issued in compliance with U.S. Treas. Reg. §1.163-5(c)(2)(i)(C) or any successor regulation issued under Code section 4701(b) that contains rules identical to the rules that currently apply under Code section 163(f)(2)(B) (the "**C Rules**") or (ii) such Materialised Notes are issued other than in compliance with the D Rules or the C Rules but in circumstances in which the Notes will not constitute "registration required obligations" under the United States Tax Equity and Fiscal Responsibility Act of 1982 ("**TEFRA**"), which circumstances will be referred to in the relevant Final Terms as a transaction to which TEFRA is not applicable. TEFRA will not apply to Dematerialised Notes.

The Dealer has agreed, and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Materialised Notes, deliver the Notes of any identifiable Tranche, (i) as part of their distribution at any time or (ii) otherwise until 40 calendar days after the completion of the distribution of any identifiable Tranche (the "**distribution compliance period**"), within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

In addition, until (40) calendar days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such tranche of Notes) may violate the registration requirements of the Securities Act.

This Base Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Base Prospectus does not constitute an offer to any person in the United States. Distribution of this Base Prospectus to any U.S. person or to any other person within the United States, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, is prohibited.
